(International News Service)  
MOSCOW, Oct. 1.—Loss  
of the historic stronghold of  
Poltava, guarding the indus-  
trial city of Khar'kov in the  
Donetz Basin, was admitted  
by the Soviet high command  
today.

Russian forces on the Len-  
ingrad front, however, were  
declared to be steadily push-  
ing back the German attack-  
ers by a series of smashing  
counter-attacks.

Editor's note: The London Daily  
Telegraph reported from Stockholm  
that a Soviet "ghost army of half  
a million men" has been trained  
secretly in Siberia during the past  
year under Marshal Vassili Blue-

### PA NEWC OBSERVES

Folks who were cheered by the  
prospect of some rain last night,  
were disappointed, when only a few  
meager drops fell late in the eve-  
ning. There has been no rain, ex-  
cept a few traces, since September  
6, the total for the month amount-

Americans will have more than  
the fact that the world series begins  
today to remember October 1, 1941.  
It also marks the beginning of wide-  
spread new taxes imposed by Con-  
gress to help meet the cost of the  
defense program.

\*\*\*  
With September gone and no frost  
having been reported, woodlands in  
this district appear to be taking on  
the multitude of fall colorings re-  
gardless. The woods are approaching  
the zenith of fall beauty in some  
locations.

thing to contend with in addition  
to the new taxes on Friday night.

DOYLESTOWN, Pa., Oct. 1.—  
Arthur H. James, 58-year-old gov-  
ernor of Pennsylvania, and Mrs.  
Emily Radcliffe Case, 48, attractive  
widow of a member of the Cornell  
University medical staff, were mar-  
ried at noon today in the Doyle-  
stown-Deep Run Presbyterian church.  
It was a quiet, dignified ceremony  
in the reservedly fashionable ed-  
ifice where Pennsylvania's next "first  
lady" worshipped as a girl. Only 150  
guests, including virtually every  
member of the governor's cabinet  
faculty members from Cornell and

their wives, and employees of the  
chief executive's household in Har-  
rington had been invited to attend.

**On Southern Trip**

Immediately afterwards, the gov-  
ernor and his bride were feasted at a  
reception at the home of Mrs. Case's  
mother, Mrs. Robert Anderson Rad-  
cliffe, of Doylestown. The couple  
then planned to leave for a three-  
week wedding trip through the south  
before returning to the executive  
mansion to live.

The nuptials, held amid a profu-  
sion of palms and white gladioli  
climaxed a six-year friendship which  
began when the governor and Mrs.

### Lieutenant From Connellsville Is Accident Victim

Killed In Truck Crash In North  
Carolina—Several Others  
Injured

(International News Service)

CONNELLSVILLE, Pa., Oct. 1.—  
Second Lieut. Paul Z. Friend was  
killed and one of three other Con-  
nellsville soldiers in the 110th Ant-  
itank regiment on maneuvers in  
North Carolina was injured in a  
truck accident near Wadesboro,  
N. C., according to word received  
today.

Friend, 26, and the father of one  
child, was fatally injured when the  
truck he was driving was wrecked  
yesterday afternoon, the army ad-  
vised his wife. The young officer  
was among the 28th Division units  
which arrived at Lillsville, N. C.,  
from Indian town Gap, Pa., a few  
days ago.

Corp. Thomas McGuinness was re-  
portedly injured while three other  
Connellsville men, Second Lieut. A.  
J. Vitale, and Privates Paul Williams  
and Edgar Parnell escaped unhurt.  
Friend's body was removed to Fort  
Bragg, whence it was to be returned  
to Connellsville with a military  
escort.

### Saturday Is Last Chance To Register

About Saturday afternoon at five  
thirty, a lot of voters are suddenly  
going to remember they are not  
registered and the usual rush to  
the court house will start. Satur-  
day is the last day to register and  
there are no exceptions or exemp-  
tions to the law.

In spite of repeated warnings,  
special registration days, and longer  
hours in the permanent registra-  
tion office, the registration has been  
light and it is known that there  
are many, many voters not reg-  
istered.

the permanent registration bureau  
is keeping his office open Thurs-  
day night until nine o'clock. If you  
are registered and voted within the  
two years last past you need not  
register again. But if you are not  
registered, or if you did not vote  
within the two years last past, you  
cannot vote on November 4 unless  
you register in the court house an-  
nex. And Saturday is the last day

ABOUT 2,400 TAKE  
PART IN STRIKE

(International News Service)

PITTSBURGH, Oct. 1.—Pitts-  
burgh's eight major hotels were  
crippled today by a strike of some  
2,400 A. F. L. service workers who  
walked out at midnight enforcing  
demands for wage increases of from  
10 to 20 per cent.

The strike, carried out despite last  
minute mediation efforts by city  
state and federal authorities,  
brought hotel operations to a virtual  
standstill.

Hotels were not accepting addi-  
tional guests and no attempts were  
being made to operate in the face of  
the walkout. In the Hotel William  
Penn, the city's largest hostelry, el-  
evators were motionless, kitchens, din-

and all entrances except one were  
closed. Only the executive and busi-

### County To Get Call For 43 More Men For Service

Boards Directed To Send Men  
To Pittsburgh For Final  
Examination

Lawrence county is being asked  
to have 43 more selectees report to  
the Pittsburgh station for final ex-  
amination between October 16 and  
31.

The local break-down is as fol-  
lows: county board number 1, 13;  
county board No. 2, 13; City of New  
Castle board number 1, 8; City of  
New Castle board number 2, 9.

All together the call is for 422  
local selective boards to provide  
6,163 more men.

Those acceptable to the army will  
be called for induction at Ft.  
Meade, Md., Camp Lee, Va., or New  
Cumberland.

Officials predicted that the policy  
of deferring men over 28 years of  
age would reduce the original regis-  
tration of 1,245,000 by half.

The board said that of the 71,758  
called for induction since November  
25, 1940, only 51,530 actually have  
been ordered into service and that  
the balance would be inducted soon.

### Finland Given New Warning

Britain Awaits Reply To  
Warning About Extend-  
ing Finnish Warfare

(International News Service)

LONDON, Oct. 1.—Claims that  
Finnish troops have captured the  
Karelian capital of Petrosavodsk,  
on the shore of Lake Onega 100 miles  
east of the old Russo-Finnish border,  
provoked a new British warning to  
Finland today.

The Finnish claim was broadcast  
by the radio station at Lahti, and  
later announced at Helsinki.

British authorities significantly  
pointed out this government is still  
awaiting Finland's reply to the re-  
cent British warning. In that warn-  
ing, Britain said Finland would be  
regarded as an enemy belligerent  
if she persisted in fighting beyond  
the former Russo-Finnish frontiers.  
Furthermore, London authorities  
added, Britain may have to "recon-  
sider the situation" in view of the  
Finnish capture of Petrosavodsk.

**YANKEE STADIUM**  
New York, Oct. 1.—Well,  
folks, here we are at another  
world series, with the sun  
breaking through early  
morning clouds to smile upon  
the opening game of un-  
doubtedly the most fantastic  
series of them all. The New  
York Yankees are playing  
the Brooklyn Dodgers known  
as the "Bums."

Folks weren't wearing their top-  
coats out here, they were sitting on  
them. The temperature was as mild  
as a spring training camp down  
south and that lugubrious gent, the  
weatherman, creased a smile to an-  
nounce that nary a raindrop would  
fall throughout the afternoon.

**Wait In Line**

Police estimated that 7,000 stood  
in line outside the "house that Ruth  
built" all night long, shivering in the  
cold and risking pneumonia to "root  
them bums home."

When the gates opened there was  
a stampede that would have done  
credit to the longhorn steers of  
Texas. Within an hour the riotous  
bleachers were filled to the 18,000  
capacity and the gates closed.

(And, mind you, nine of every ten  
in that bleacher section were from  
Brooklyn.)

There was a heavy shower before  
9 o'clock but by 10 o'clock the sun  
came out while the fans roared their  
approval.

**Opens Practice**

Yankee Coach Johnny Schulte  
opened the batting practice by  
pitching to Frenchy Bordagary,  
substitute outfielder. The crowd  
roared as each of the bombers lined  
some of the pitches to distant cor-  
ners of the outfield.

# Relief Still Costing Huge Sum

## Survey Reveals State Situation

More Than \$150,000,000 Spent This Year In Pennsylvania For Relief

### SOME DROP FROM PREVIOUS YEARS

By RAYMOND WILCOVE  
International News Service Staff Correspondent

HARRISBURG, Oct. 1.—Despite improved business conditions and an actual shortage of labor in certain defense industries, the state and federal governments have already spent more than \$150,000,000 this year in Pennsylvania for relief, a survey disclosed today.

At the present rate of expenditure, the cost of relief this year will approximate \$225,000,000, state and federal relief statisticians estimated compared to \$298,412,000 spent in 1940, a drop of less than \$75,000,000.

#### Lowest In Seven Years

Despite this, however, relief officials are increasingly optimistic over the outlook, for the estimated \$225,000,000 being spent this year for relief will be the lowest expenditure for this purpose in seven years. The high point was reached in 1938, when combined federal and state expenditures reached \$361,754,390.

Less the general public loss sight of the fact that the relief problem is still present in the midst of war prosperity, it was estimated that \$18,750,000 a month is now being spent in Pennsylvania by the state and federal governments.

Of the \$150,392,600 spent for relief in Pennsylvania during the first eight months of this year, the federal government contributed \$72,458,100, of which \$54,984,100 was spent through the W. P. A. and \$17,474,000 through the state department of public assistance. A total of \$56,214,000 was furnished by the state for general assistance, while local governments gave \$21,720,500 for the sponsorship of W. P. A. projects.

Since the start of the depression close to \$2,500,000,000 has been paid in Pennsylvania for relief.

#### Large Number Unemployed

Despite the near-boom times now being experienced in Pennsylvania as many as 250,000 men and women are still unemployed. The department of public assistance estimated that the average number of men and women still dependent upon public assistance grants or W. P. A. wages still totaled 727,000 in August.

However, this is 462,000 below the average for August a year ago and 1,090,000 below the February 1939 peak of 1,817,000 persons reached after the 1938 business recession.

Indicative of the great improvement in business conditions during the past few years relief officials estimated that during that time approximately 1,000,000 persons have gone back to work in Pennsylvania.

## PREDICT AGREEMENT ARMING U. S. SHIPS TO ENTER WAR ZONES

(Continued From Page One)

of the law which he said he "regretted" having signed in the first instance back in 1935.

### May Send Message

To impress upon the general public the importance of relaxing the restrictions which now prevent American cargo ships from delivering military supplies direct to the countries engaged in battle with the Axis powers, Mr. Roosevelt may send a special message to congress.

Vice President Wallace, Speaker Rayburn, Chairman Connally (D) Tex., chairman of the senate foreign relations committee, and other congressional spokesmen had been called to the White House to devise the strategy best calculated to get neutrality revision or repeal to an early vote. Informal polls of both house and senate indicate that the administration has the necessary votes but non-interventionists threaten prolonged debate in the senate.

### Navy May Escort Ships

Under the president's pledge to give all possible protection to American merchant vessels anywhere on the seven seas, it was anticipated that fighting ships of the U. S. Navy will be called upon to escort them through waters where there is danger of "Nazi torpedoes, bombs and shells."

Overnight, in advance of his meeting with the congressional group President Roosevelt cited recent loss of the American-owned freighter Pink Star to demonstrate the seriousness of Germany's submarine warfare. The torpedo that sent this ship to the bottom off Iceland, the chief executive pointed out, destroyed a cargo of foodstuffs which could not be reproduced in the main in less than a year.

### Cheese In Cargo

One portion of the ship's cargo he mentioned was enough Cheddar cheese to feed 3,500,000 British laborers for a week and half under current rationing. This cheese represented a year's production of 1,000 cows, Mr. Roosevelt said.

Carrying out the express order of congress to furnish lend-lease aid to Britain and her allies, the Pink Star's cargo will have to be reloaded. Some of the foodstuffs are "on the shelf"; others are not, he declared.

The president, meantime, said his 50-50 "rule-of-thumb" division of war goods between the American military establishment and Germany's foes still stands.

Questioned specifically about possibility of heavily increasing aid to Soviet Russia, the president said a certain portion of supplies already delivered to Great Britain had been reallocated to the Red armies.

Mr. Roosevelt declined to say whether or not the lend-lease act ultimately would be extended to Russia, but he told reporters that all transactions thus far had been on a cash sale basis.

## Rush Stores Here To Skip New Taxes

New Castle stores yesterday saw "Saturday or better-than Saturday crowds" as Pa. and Mrs. New, like shoppers all over the nation, beat the deadline on Uncle Sam's new or increased excise taxes levied in the historic revenue act passed earlier this year.

The statute, effective today, takes just a little bit extra out of every citizen's purse for a thousand-and-one varieties of merchandise and services.

## DOYLESTOWN WOMAN MARRIED TO GOVERNOR JAMES AT NOON HOUR

(Continued From Page One)

Case met at Clifton Springs Sanatorium, N. Y. There, Mrs. Case's husband, Dr. Claude Case, was attending the governor's first wife, Mrs. James died in March, 1935, and Dr. Case died the same year of X-ray burns suffered during an experiment.

Officiating at the ceremony was the Rev. William E. Stickle, of New Ipswich, N. H., who married Dr. and Mrs. Case. Assisting him was the Rev. Dr. Myer M. Hostetter, pastor of the church. There were no attendants, but Robert S. Radcliffe, of Cleveland Heights, O., a brother of Mrs. Case, and Russell Foss, of Ridgewood, N. J., a cousin of the governor, were ushers. Mrs. Case's mother and the governor's daughter Dorothy, sat in the first pews of the church.

### Second Governor Married In Office

Tall and slender and with graying hair, the bride wore a blue silk jersey dress with simple shirring around a "V" neckline, hat to match, black suede shoes and a jeweled belt. She also wore a corsage of white orchids.

The governor, second of Pennsylvania's chief executives to be married while in office, wore morning clothes. Howard M. Barnes, Doylestown banker and organist of the 800-seat church, played the wedding march.

If the wedding itself was unpretentious and sedate, there was nothing revealing about the excitement caused in this historic Bucks county seat by the marriage of a "Doylestown girl" to a governor of the commonwealth.

As the wedding hour approached, thrilled residents recalled Mrs. Case's early years in the borough when she was known as "the prettiest girl in town." As many citizens as could planned to be in the vicinity of the church today and a holiday air filled the community.

Sixty state troopers were assigned to assist local police in handling traffic and in controlling the crowds. James, accompanied by his daughter and friends, spent last night in Doylestown where the governor reserved a five-room suite in the Fountain House.

Mrs. Case is the daughter of the late Robert Radcliffe, a Frenchtown, N. J., farmer and miller who later moved to Doylestown and became a tree surgeon. She served as a sorority house mother at Cornell for several years after her husband's death.

In addition to the William Penn a Statler-operated unit, the Fort Pitt, Schenley, Roosevelt, Pittsburgher, Webster Hall, Henry and Keystone hotels were involved in the strike.

Pickets were out in full force this morning.

At a meeting last night, where outside loudspeakers carried the shouts and speeches of union members to hundreds of passers-by, the members instructed their committee to stand on their demand for an increase of \$263,000 in wages.

The hotel men offered the union a blanket increase of \$168,000 at yesterday's meeting with Mayor Scully. This the union rejected.

Management assistants were carrying luggage for departing guests as the full force of the walkout was felt.

## Deaths of the Day

(Continued From Page One)

Mrs. Ida J. Cramer  
Mrs. Ida J. Cramer, aged 73, widow of Elroy E. Cramer, 725 County Line street, passed away at her home on Tuesday evening at 8:15 o'clock. She had been confined to her home by illness for one month.

Mrs. Cramer was born in West Middlesex on March 16, 1868, daughter of Josiah and Maria Morrison Greer. She was a member of the First Methodist church, the Home and Foreign Missionary society, and taught a Bible class for many years. She was also a life member of the W. C. T. U. Mr. Cramer, to whom she was married on December 25, 1884, preceded her in death in 1935.

Survivors are the following children, Mrs. Mabel G. Lockley of R. D. 1, New Wilmington; A. W. Cramer and Leonard Cramer of New Castle; Sue E. Cramer, at home; a sister, Mrs. Mary Ross of Cedar Rapids, Iowa; a brother, W. R. Greer of Clark, Pa.; 11 grandchildren and 12 great-grandchildren.

Funeral services will be conducted from the R. L. Boyd funeral home, North Jefferson street, Friday afternoon at 2 o'clock, with Rev. W. V. McLean, pastor of the First Methodist church, in charge. Interment will be in Oak Park cemetery.

The family will receive friends at the funeral home this evening and Thursday evening from 7 to 9 o'clock and Thursday afternoon.

### Large Growers

W. J. Duff of North Beaver township is probably the largest grower in the county, his product totalling around 1,500 pounds, which would net him approximately \$600. E. H. Dinsmore of North Beaver brought in slightly more than a thousand pounds this morning, and several more would have around that much for last spring's clip.

As the wool was brought in to the freight station, it is inspected and graded by W. B. Connell, sheep and wool expert of Penn State college, assisted by County Agent H. R. McCulloch, Assistant County Agent L. C. Dayton and officers and members of the Lawrence County Wool Growers association, of which J. L. Burton of Scott township is president.

Afterwards, the wool is weighed and placed in piles according to its kind, such as quarter or three-eighths blood, half blood, rejections, tag ends, etc.

### Packed In Sacks

Then the wool is packed into big sacks, about six feet long and the job of packing it is an interesting one. The sacks are hung from a platform, a ring being fixed in the upper end, and a man gets inside the sacks and stamps the wool firmly in place, after which the end is sewed up, the weight and kind of wool being marked on the sack, after which it goes to the freight car for shipment. It will soon be on its way to the shipper, from whence it will finally find its way into clothing, some perhaps for the fighting men of the country, some for milady's winter coat, and some for other purposes. Who knows, some of it may even come back to Lawrence county again.

One of the reasons why a black sheep is looked down upon might be gained from the fact that his wool goes into the rejection pile, and does not bring as high a price as his fellow flock members, although medium rejections bring a price of around 42 cents this year, and the best quality wools only bring 47.33 cents.

The total amount of rejections in the county crop only amounted to around 400 pounds, so it will be seen that the wool raised here is a fine quality.

opened new counter-attacks aimed at opening a path to the east through the Russian lines.

Several Russian divisions were said to have participated in the new counter-attacks which were led by giant Red army tanks in wedge formation and which broke through the first German lines east of Leningrad.

(The Russian offensive was said to have been halted momentarily by vast German mine fields.)

### Town Evacuated

Loss of Poltava, 75 miles west of Kharkov in the eastern Ukraine, was conceded in a war communique which said the town was evacuated by Marshal Semyon Budenny's troops after "stubborn fighting."

It was at Poltava that Peter the Great and his legions in 1709 crushed the Swedish invasion under King Charles XII.

On the central front, the high command said, Soviet forces staged a new advance routing two regiments of the German 26th infantry division, which lost 1,800 officers and men who were killed.

According to incomplete information, it was stated, the Russian forces in this victory captured eight artillery pieces, 16 machine guns, five mine-throwers, four field wireless stations, many trucks and automobiles and quantities of rifles and ammunition.

Still claiming mastery of the air the Red air force was credited with destruction of 65 German planes Sunday at a cost of 27 Russian machines.

In the north the battle for Leningrad was reported turning in favor of the Russians, who were said to have recaptured several towns and villages at the approaches to the city, while inflicting heavy losses on the Nazis.

There yet remains some conferences between the city and the bus company. The city, it is reported intends to make some regulatory moves concerning revenue desired from the bus company and also make an effort to have the company agree upon routes.

## COMPLETE WORK OF POOLING WOOL

Lawrence county, the balance being distributed between Butler and Beaver counties.

Today is the last day of the pooling, which began on Monday at Butler, where growers from Butler county and the eastern part of Lawrence county brought their product, while Tuesday and today was divided between the growers in northern Beaver county and Lawrence county.

While the raising of sheep is not a full time avocation for any Lawrence county farmer, it is a profitable sideline, particularly for those who have waste land on which the sheep can graze, but lack of acreage prevents it from being a line which would totally support one following it.

## MULTITUDE OF TAXES EFFECTIVE TODAY

(Continued From Page One)

the \$144,600,000 more in income taxes which you will start paying next March.

All but two of the 34 big groups of commodities and services on which the new revenue bill imposed new or increased taxes go into effect now—although in some cases floor stock taxes were not imposed so that existing stocks on store shelves might not feel the price rise immediately.

### Transportation Tax

On Oct. 10 you will start paying a five per cent impost on your personal transportation, to net the treasury another \$35,500,000 and next Feb. 1 the \$5 a year use tax into effect, netting Uncle Sam \$160,200,000.

New and increased excise taxes effective today are:

Distilled spirits—Up from \$3 to \$4 a gallon to net the treasury \$123,000,000; wines up from 8-24-50 cents a gallon to 10-35-65 cents, depending on alcohol content, yielding \$10,400,000; tires up from 2 1/2 to 5 cents a pound and tubes up from 4 cents to 9 cents a pound, both to yield \$44,600,000, and matches, where a tax of two cents a thousand is imposed to net \$8,200,000. All of these commodities also undergo a floor stock tax, which means the new levy is effective at once on stocks at hand as well as on future purchases by the dealer.

New retail excise taxes, which also should result in an immediate price rise, are 10 per cent levies on jewelry to raise \$52,700,000, on furs to raise \$20,700,000 and on toilet preparations to raise \$19,700,000.

### Manufacturers Excise Tax

New manufacturers excise taxes are 10 per cent on phonographs and records to raise \$4,500,000, musical instruments \$3,600,000, sporting

goods \$8,500,000, luggage \$4,500,000, electric gas and oil appliances \$31,800,000, photographic apparatus \$9,900,000, electric signs \$2,700,000, business and store machines \$13,900,000, rubber articles \$21,300,000, washing machines \$400,000, optical equipment \$300,000 and a five per cent tax on electric light bulbs to net \$4,000,000.

Other increased excises are: Automobiles and parts 3 1/2 to 7 per cent, \$72,200,000; commercial autos, truck and buses 2 1/2 to 5 per cent, \$16,100,000; refrigerators 5 1/2 to 10 per cent, \$16,600,000; playing cards 10 to 13 cents a pack \$1,000,000, and radios and parts 5 1/2 to 10 per cent, \$9,400,000.

### Amusement Taxes Boosted

Taxes on services effective now are: Admissions to theaters and other places of amusement, exemption is lowered from 20 cents to 10 cents to yield an additional \$62,400,000; cabarets and roof gardens 5 per cent of your bill to net \$2,000,000; club dues, definitions broadened to include sports associations and other organizations not now

covered, \$2,800,000; safe deposit box rentals, raised from 10 to 20 per cent, \$1,700,000; long distance telephone and telegraph messages, exemptions lowered to increase graduating taxes by \$24,900,000; local telephone calls, a new tax of six per cent on your bill is imposed to yield \$52,300,000; bowling alleys and pool tables \$10-year-use tax, \$1,300,000, and slot machines, if for amusement \$10 a year and if for gambling or games of chance, \$50 a year to net \$4,600,000.

A map of England, drawn in the 13th century, contains a note in Latin stating that if the space available in the manuscript had been larger, the length of England would have been shown to have been greater.

The grave of President Tyler has been lost so far as it is not marked by a stone. Church records locate it near the grave of President Monroe, in Hollywood cemetery, Richmond, Va.

# BESSEMER WOMAN'S CLUB OPENS SEASON

Bessemer Presbyterian church was the mecca for Bessemer Woman's club members, Tuesday evening, when they gathered to officially launch their fall season of activities, with a large attendance noted. Mrs. W. F. Davis, president, presided over routine affairs.

Mrs. Audrey Snyder reported that plans had been made for the purchase of several dogwood trees, which will be planted in the church grounds. Miss Esther Landman spoke briefly of the knitting class to be formed Saturday, October 4, in the high school library. The hours will be from 2 until 4 o'clock, when knitters will be provided yarn by the local Red Cross, for which organization they are will be contributing their services. Also, attention was given to the organization of a First Aid class under the Red Cross, and sponsored by the Bessemer Woman's club, as a community project.

The musical number for the evening was offered by Mrs. Robert Crawford, vocalist, who played her own accompaniment, choosing "Ashes of Roses" by R. Huntington-Woodman.

Mrs. A. W. Lago, program chairman, at this time, introduced as guest speaker, C. E. McKee of Zelienople, who gave an interesting talk on the chinchilla ranch.

A social period ensued, with Miss Mary Nord, chairman, and the following in charge: Miss Frances Fullerton, Mrs. E. McClelland, Mrs. Mae McClelland, Mrs. Paul Swanson, Mrs. John Hayes, Miss Lucille Hutchinson, Mrs. Howard Butler and Mrs. A. B. Williams.

The world average of the precipitation of rain and snow is said to be 16,000,000,000 tons a second.

# EAST BROOK CLASS HOLDS DINNER PARTY

Young Married People's class members of the East Brook Methodist church enjoyed a chicken dinner party Tuesday evening at the home of Mr. and Mrs. W. R. Clements of that vicinity.

A most delicious full course menu was served at 7 o'clock, the hosts being aided by Mrs. James Floyd and Mrs. Julia Clement. The time that ensued was devoted to business transactions, and an election of officers, resulting as follows: President, George Pontius; secretary, Louise Patterson; treasurer, Kathryn Pontius. Plans were discussed for installing new equipment in the kitchen, which will be started as soon as possible.

On October 28, a Halloween party will be held for the class, the place to be decided.

# Farewell Dinner

A party of 20 friends and relatives of Mr. and Mrs. Nevin Seeger, 218 Shaw street, motored Sunday to the Campbell Farm at Bristolville, O., for a farewell dinner in honor of the Seegers who will leave October 13 to make their home in Glendale, Calif.

The occasion was also the birthday of the hosts, Mrs. Ed Campbell, a former New Castle resident.

# Crawford Avenue Unit

A social time, following routine business, was enjoyed by members of the Crawford avenue unit, Epworth Methodist church, when they assembled in the home of Mrs. William Scott, Crawford avenue, Tuesday evening.

Next meeting will be Tuesday, October 28, in the home of Mrs. J. F. Clarke, Mulberry street.

# "THE PIANO" THEME OF THE MUSIC CLUB

"The Piano—King of Instruments" was the fitting theme of the program for the first meeting of The Music club's 42nd year last evening in the Highland church, as it marked the dedication of the new and beautiful Mason and Hamlin grand piano which the club recently purchased.

Mrs. James W. Moorehead, president, opened the meeting with greetings to the large number of members and guests present. Business was dispensed with, and after a few announcements were made by chairmen of the various committees, Mrs. Moorehead paid tribute to former presidents through whose instrumentality the piano fund was started, and reviewed the work done by the club in the past seven years, including that of the piano committee, with Mrs. Paul Welsh as chairman, which culminated in the possession of this fine instrument. Great credit is due Mrs. Moorehead for her untiring efforts, particularly in the past year, towards the fulfillment of the club's ideal in owning a really fine piano.

Mrs. Robert Fleming, as hostess, presented the program which began with the pastor of the Highland church, Rev. D. L. Ferguson, offering an inspirational dedication prayer.

Since Garth Edmundson, an honorary member of the club, is an internationally-known composer, it was fitting that he should have been invited to be the first to play the new instrument, and he presented original improvisations. New Castle can be proud of its leading composer, as his compositions are used by some of the finest organists in the world.

A Liszt composition for the organ was played by Mrs. J. L. Reed, organist of the church, accompanied by Mrs. S. Glenn McCracken. Miss Mary Eleanor Shoaff and Mrs. Frank Douglas Taylor, Jr., presented piano solos by MacDowell and Strauss. Grunfield, Mozart and Grieg. Concert for the piano were performed by Miss Miriam Thomas and John Carlin, with orchestral accompaniments, on the second piano by Mrs. D. Duff Scott and Miss Virginia Woods respectively.

A violin and piano Sonata by Mozart was presented by the Misses Kathryn Bittner and Dorothy Fisher. It will be remembered that Miss Fisher, guest artist of the evening, and a former member, was awarded a fellowship at the Juilliard School of Music in New York, where she will soon return to continue her studies.

Scott, Irish and Welsh airs were sung by Mrs. Dorothy Gormley Smith, soprano, and numbers by Robinson, Brahms, Haydn and Bishop, by John Phillips, baritone, and Earl Hammond, tenor, all being splendidly interpreted. These melodious voices were afforded a fine accompaniment support at the piano by Mrs. Reed and Edwin Lewis.

The program was preceded by the serving of a dinner in the church parlors, with Mrs. James Rugh as a clever toastmistress. Mrs. William J. Caldwell was in charge of the group singing, which was accompanied by Mrs. Ross Rosenberger. An informal introductory period followed. Original place cards in the music motif were made by Mrs. Paul Melvin, chairman of the decoration committee.

Mrs. Harry Ethridge, Mrs. Ida Martin and Mrs. T. C. North of Zelienople were out of town guests. The ushers were Mrs. Benjamin Anew, Miss Jean Forney, Miss Irene Matthews and Miss Olive Webb.

# Dessert-Bridge

On Tuesday afternoon in her home on Park avenue, Mrs. Carl Paisley entertained a few guests at a 1:30 o'clock dessert-bridge for her new neighbor, Mrs. Oliver P. Brown. Contract bridge prize for the afternoon went to Mrs. J. Clyde Gillfillan.

# BETTY SULLIVAN IS BRIDE OF R. J. YOUNG

This morning at 9:30 o'clock, in St. Margaret's church, Miss Betty Sullivan, daughter of Mr. and Mrs. J. J. Sullivan, of 614 West Madison avenue, became the bride of Robert A. Young, son of Mr. and Mrs. John C. Young, of 707 Blaine street, at an impressive service, with the Rev. Fr. M. P. Hinnebusch officiating. The single ring service was used, and the vows were pledged in the presence of a throng of relatives and friends of the young couple.

The bride, given in marriage by her father, was attractive in a velvet dress of spruce blue, made along princess lines, and her accessories were carried out in black. Her arm bouquet was of Talamon roses, giving a striking contrast.

Miss Helen Daly, as maid of honor, chose a street-length dress of grape velvet with black accoutrements, and she carried an arm cluster of pink roses and blue delphinium.

James P. Gravenstreter served as best man.

The mass was played by Mrs. Charles Henderson and sung by Messrs. John and Leo Sullivan, brothers of the bride, and Joseph Diffley, a cousin.

Later this afternoon the newlyweds departed on a motor trip to Detroit, Mich., and other points of interest.

Mrs. Young is a graduate of New Castle senior high school with the class of 1935, and was employed at the Johnson Bronze company. Mr. Young, also a graduate of the local high school, and from New Castle Business college in 1937, attended the Pittsburgh School of Accountancy. He is employed in the sales department of the Johnson Bronze Co.

# SHOWER FOR FRIDAY'S BRIDE AT CASTLETON

In honor of Miss Grace Bell, who is to marry George Crawford Lyon on Friday of this week, Mrs. Homer R. Allen, of the Wilmington road, entertained at a shower at The Castleton on Monday evening.

On this occasion Miss Bell was given a dining room shower by the guests.

With three tables of bridge in play, Miss Bettie Cole won first prize, Miss Burden John, second. As a gracious gesture the hostess presented each of her guests with a corsage for the evening.

Refreshments were served concluding the evening.

# NESHANNOCK TOWNSHIP AUXILIARY MEETING

After the menu was served, the group enjoyed games of 500. High score prizes were awarded to Mrs. Jessie Camblin, Mrs. C. M. Pugh and Mrs. James McWilliams.

Next meeting will be held in two weeks, at the home of Mrs. R. H. Fabian, corner of Chestnut and Ray streets.

# N. C. NURSES ALUMNAE ENTERTAIN GRADUATES

A lovely party was given Wednesday evening in the Elks club by the New Castle Nurses Alumnae association of the New Castle hospital for the graduating class of the institution, numbering 15, the occasion being in the form of a dinner.

Long tables colorfully appointed with clusters of yellow and gold mums, had places marked for 50, with individual capped nurses as favors. A most delectable supper menu was served at 8 o'clock, launching the evening's festivities. Mrs. Frank Coen was responsible for the colorful setting for the event.

President of the alumnae, Mrs. Margaret Carrigan, gave a short talk, extending a cordial welcome to the assemblage, and invited the student group to join the alumnae. Mrs. Frank Coen, secretary and treasurer, spoke of the revision of the by-laws and stated that the alumnae invites the graduates to join as active members, and their senior alumnae associates, as social members of the organization.

Climaxing the evening, Mrs. Sylvia Greer made the presentation of dainty lace handkerchiefs to each of the graduating class in behalf of the alumnae, and they were also presented with their caps to be worn at the graduation exercises Thursday evening, Oct. 2.

The balance of the evening was spent informally with bridge and other contests. Those winning, in cards were Mrs. Christina Thompson and Mrs. Catherine Brice while in the miscellaneous feature, Mrs. Dorothy Williams and Mrs. Irene Smith were the fortunate winners.

The committee in charge of arrangements, and playing an important part for the ultimate success of the evening, composed of Mrs. Sylvia Greer, chairman; Mrs. Frank Coen, Mrs. Christina Thompson, Mrs. Catherine Brice, Mrs. Melissa Allen, Miss C. Tinsley and Mrs. P. Scungio.

# BETTY CLINE IS HOSTESS TO CLUB

Betty Cline was hostess Tuesday evening to members of the Tu-No club for their regular meeting, in her home on Dewey avenue.

Five hundred was the diversion, prizes going to Mrs. William Stebbins and Mrs. Paul Fabian. An out-of-town guest was Mrs. William Riney, of Sharon, Pa., formerly of this city. At an appropriate hour a delicious repast was served by the hostess, assisted by Frances Cope.

In two weeks Miss Frances Cope will be hostess to the group, in her home on Lathrop street.

# Cameo Club

## The Parent Problem

By Garry C. Myers, Ph.D.

### SETTING CHILD GOOD EXAMPLE

A good many million children every Sunday morning are in Sunday school. Most go willingly, some go eagerly, while others go rebelliously. There are relatively few objectors among children under seven or eight; more among older children, and many adolescents openly refuse to go, regardless of their parents' wishes.

If religion does what we assume it does, we parents need it more, no doubt, than our children do. After all, the child who goes to Sunday school regardless of how effective it may be, whose parents have no spiritual warmth and sympathy and who, if they go to church and Sunday school themselves, do not reflect the good influences of religion in their behavior in the home, cannot be expected to obtain much lasting good.

Parents who send their children off to Sunday school, staying home themselves, betray a narrow egotism and self-righteousness which is pretty surely harmful to their children.

### Family Worship

Let us quit sending our children to Sunday school. Let's go with them. Then they will go more readily and obtain more benefits. There is no finer thing to do than for the family to go off toward the church on Sunday morning, together, as a family unit.

Many of us regret that the average Sunday school is not more attractive to the child, that it does not have more good teachers who make the lesson interesting and lead the child to apply it to everyday conduct.

The Sunday school will be better when we parents help to make it so. After all, the most important people in the Sunday school are not the children, but their parents. In the future parents who really care about their children's moral and religious education will sit in Sunday school, studying themselves, becoming acquainted with their own human frailties, learning how to reduce them so as to annoy their children less and grow more lovable to them.

In the future every up-and-coming Sunday school will have groups of parents in classes, studying their children and themselves in right relations to them. The leaders of these groups will be psychologists who have religious sympathies and interests, and who can see the application of psychology to the everyday problems of the parent. As you know, there are some such Sunday schools now.

### Solving Parent Problems

Q. If lack of funds forces a choice between mother's going to the beauty shop or her teen-age daughter's going, who should go?

A. The mother, as a rule. More often than not, the daughter will.

Q. Are there ways for the average parent to ascertain whether her child, from nine months to five years, has developed about as far as the average youngster at the same age?

A. Yes; if you will write indicating your child's age, I shall be glad to send you without cost a chart which will help you judge approximately how smart your child is. Just write me at 235 E. 45th street, New York, enclosing a self-addressed envelope with a three-cent stamp on it.

## APPIGRAMS

by ERICH BRANDEIS

Every once in a while some "master" of the occult comes along and tells us that the world is coming to an end in a few months or years.

Then a lot of people start to work, pack their things, make their wills and wait for the disaster.

Now, Victor F. Hess, Professor of Physics at Fordham University, and Nobel Prize winner, states that we may expect the end of the world in approximately two billion years.

The reason will be liquefaction, assuming that the earth's center is liquid and contains radio active matter.

The good professor admits, of course, that he may be wrong by a few million years.

So you better sit back in your easy chairs and get a few thousand more years of fun out of life.

Most of the things we worry about never happen anyway.

## Daily Dozen

(From the Medical Society of the State of Pennsylvania)

Toupee or not toupee is not the question any more.

Wigs are now made which can fool the most scrutinizing eyes. They are near perfection in their imperceptibility.

The old-fashioned toupee had a severe, down-over forehead line. This feature obviously betrayed that a wig was being worn.

Much ridicule and embarrassment was heaped upon the wearer.

The 1941 toupee models have overcome this defect.

The secret lies in a special foundation known as hairlace.

It is like the finest, most delicate hand-made lace.

Except that it is tightly woven from strands of human hair.

Into this hairlace foundation individual strands are tied.

The result is a hair-piece that looks like the wearer's own hair.

The sad truth is that Hitler can't stop. Think what would happen if he made peace with conquered lands and withdrew his troops.

## HINTS AND DINTS

Sun sets tonight 5:43. Sun rises tomorrow 5:57.

In a big city cafe when fish is ordered they serve half a lemon carefully wrapped in guaze to keep the juice from squirting in your eye.

It's great to be able to live in a country where you can belong to any church you want to stay from so you can go fishing or golfing.

People can get into a lot of trouble if they stop using their heads and start using their prejudices. Heads should be used for other purposes than just to crutch.

So many of us who preach that work is the salvation of the world watch steam shovels in operation.

A man driving his wife through the country ran onto a bridge before he saw that another automobile had started across first. It was a narrow bridge, and his duty was to back off. But his wife seized the gear lever so he couldn't reverse, and proceeded to give the driver of the other car a tongue lashing for daring to try to cross at such a time.

When the unoffending driver was convinced of his criminality and general unfitness to live among civilized people, he backed off the bridge and let the woman's husband proceed. As the first driver passed the culprit he said: "Sorry, old man, and thank you."

The other replied: "Oh, don't apologize. I've one at home myself."

Lady: "Tobe, I'm sorry to hear your wife got a divorce."

Tobe: "Pessum, she done gone back to Alabama."

Lady: "Who will do my washing now?"

Tobe: "Well, mum, I've cotin' again, and I cot's rapid."

A young Philadelphia man with a pretty but flirtatious fiancée wrote to a supposed rival: "I've been told that you have been kissing my girl. Come to my office at 11 o'clock Saturday. I want to have this matter out." The rival answered: "I've received a copy of your circular letter and will be present at the meeting."

Now we hear talk of not allowing companies to make more than six per interest per year on their investment. It won't be long until there will be talk of not allowing any interest, and maybe also talk of taking the whole works.

So many people have their pictures taken while talking on the telephone. Seems to us they could stop talking long enough to have their pictures taken.

STORM WARNING  
Rounder: "Gee, 4 a. m. I'd better get home before the storm."

Spender: "But there's no storm."

Rounder: "Don't worry. There will be when I get home!"

Little Girl (to bride at wedding reception): "You don't look nearly so tired as I should have thought."

Bride: "Don't I, dear? But why did you think I should look tired?"

Little Girl: "Well, I heard mother say you'd been running after Mr. Smith for months and months."

A biologist says this generation of hard drinkers is passing. Uh-huh. At not less than 70 miles an hour.

People who do not vote at elections show mighty poor sense when they criticize the work of those elected.

We notice a classified ad in a newspaper which read: "Not responsible for any debts I do not make myself."

A bill before congress would prohibit those who believe overruling our government by force from becoming members of a labor union or holding office in any part of our government.

After reading big city papers for some days we have come to the conclusion that The News is the best newspaper we can get.

Thieves in an eastern city stole a 65-foot bridge. So far nobody has missed a river.

A man always wants his wife to be better than he knows he is himself.

In Ohio and other states, a person can drive for many miles and see nothing but cornfields along the roads. It takes a lot of corn to keep the people of this country corned.

The lady shopper had ordered about everything hauled down from the shelves.

"I don't see just the right thing," she decided at last. "I want to surprise my husband on his birthday."

"Well," suggested the exhausted clerk, "why don't you hide behind a chair and yell 'Boo!' at him?"

In Washington, the polite way to call a man a liar is to say he told an absolute falsehood.

And by the way, the nurses of this country are doing their share in the war activities so far. You can always depend upon the nurses to all that is necessary.

Minneapolis police charged that a 36-year-old man stole seven automobiles, a bird bath, several lawn chairs, a picket fence, a lawn mower, a complete library with book-cases, an air compressor, a set of scales, a piano bench, a medicine chest, a fire extinguisher and rolls of wall paper. He wanted to furnish a model home.

"I've got a bad case of insomnia and I can't find a remedy for it."

"Well, what you want to do is hire a pretty nurse and kiss her every 15 minutes."

"But that won't put me to sleep."

"No, but it'll make it a pleasure to stay awake."

A commission can tell railroads what to charge, but can't tell railroad workers—the simple reason being that workers are too strong for the law to handle.

Science laughs at the idea that counting sheep will relieve insomnia. Perhaps it could be the smell of the wool that keeps the patient awake.

Answer: The world is now a seething vortex of political and religious prejudice. In our social life, we never know what new acquaintance flaunts or hides some loyalty to one faction or another in some tragic drama being enacted abroad.

Therefore, unless assured that you are within the hearing of only friends whose views agree with yours, avoid the expression of opinions that may give offense. And beware of entrance into any argument with one who shows symptoms of disagreeing with you regarding these delicate matters.

Question: For my living room I have selected a maroon color divan, with narrow beige stripes, a chair to match the divan and one chair in solid green. A friend tells me that I must buy a plain rug of solid color. Must I?—A. M.

Answer: When there are colorful patterns in your other furnishings, your rug should be of quiet tone. If not a solid color, it should be of design so subdued that it will not conflict with your other pattern and cause a confusion.

Question: At a dinner party who rises first to leave the table after dinner is over?—B. B.

Answer: No one leaves the table until the hostess rises. She, of course, waits until everyone has finished. The women go first and the men follow.

Question: I am going to be married in the afternoon in a full-length dress and finger-tip veil. I

shall have two attendants. Should they wear long or street-length dresses?—B.

Answer: They should wear long, afternoon dresses, not street-length dresses.

Question: I am to be a Godmother for a friend's baby. If I buy its christening outfit, must I also buy it a gift?—G. M.

Answer: You will be doing more than your share if you buy its christening outfit. Any additional gift will be unnecessary.

Tomorrow—Hanging Pictures

Judge: Prisoner, the jury finds you guilty.

Prisoner: That's all right, judge. I know you're too intelligent to be influenced by what they say.

"I want a shave," said the determined looking man, as he climbed into a barber chair. "I don't want a haircut nor shampoo. Neither do I want any bay rum, witch hazel, hair tonic, hot towels, or face massage. I don't want the manicure lady to fondle my hand, nor the bookbinder to fondle my feet. I just want a plain shave with no trimmings. Do you understand that?"

"Yes, sir," said the barber. "Will you have some lather on your face, sir?"

## What's What At A Glance

Post-War Industry Bothers Economists  
Big Industry Given Most Of Contracts  
Little Fellows Must Receive Material

By CHARLES P. STEWART  
Central Press Columnist

WASHINGTON, Oct. 1.—Spreading government orders for defense and lease-lend supplies among America's small producing concerns is an emergency policy just at present. It's more convenient to make contracts with the comparatively few whaling big companies than with the multitude of peewees. Consequently Uncle Sam started out to deal with the monsters, ignoring the midlets.

Shortly it became apparent that the giants, huge as they were, weren't numerous enough to produce the desired rate.

A thorough size-up of the situation, conducted by Commerce Secretary Jesse Jones, revealed that the little fellows, combined, could produce more than the small group of big ones, if only they could get contracts. By including whales and minnows alike, it was evident that the government could considerably more than double national industry's total output.

Accordingly, suggested Director William S. Knudsen's Office of Production Management, "Let's hand out still bigger orders to the big companies, and then let each of 'em do a lot of sub-contracting with a swarm of little chaps."

This was all right in theory, but it didn't work satisfactorily in practice, because the whales didn't pass any of their foder on down to the minnows; they simply retained it all in their own respective systems, trying to digest it gradually.

That's why Director Floyd B. Odum's Contracts Distribution Division of Director Knudsen's Office of Production Management was created — to encourage sub-contracting or coerce it or, if necessary, to start a system of feeding the minnows directly by the government. The third method doubtless will be unhandy, but perhaps it'll prove to be unavoidable.

If It Doesn't Work—

It's an emergency situation that Director Odum's trying to handle. If he's successful, okay. If he isn't, another emergency device to develop itself out of the initial one.

The little plants will begin to have to shut down for lack of raw materials to process. The big ones, being conspicuous and influential, can get their raw stuff on priority basis, but the little ones can't unless they can show that they have sub-contracts for products Uncle Sam's in a hurry for. They'll just have to quit, creating a lot of joblessness.

Thus unemployment will become a serious problem, in the midst of a demand for more and more workers.

No 1 (delayed production) is the immediate issue. No 2 (threatened unemployment) is the impending one.

But following these two is a third. What shape will industrial production be in after the existing emergency's over?—particularly if it lasts long, and a new kind of economics has crystallized itself into a permanency.

Economists like Leon Henderson are worse worried as to post-war conditions than they are over today's.

Suppose, they say, that little factories are forced to go out of business wholesale. Most of 'em never'll be able to get back into it. A good many of 'em are likely to be absorbed by the big companies, but a sizable proportion simply will be obliterated.

Upshot? Nothing will be left but cracking BIG business.

That's the forecast.

Then, pessimists' view

## The World and the Mud Puddles

NOT SO EASY NOW.

We suspect the busiest man in Europe today is Dr. Paul Joseph Goebbels, Reichminister of Propaganda and Enlightenment.

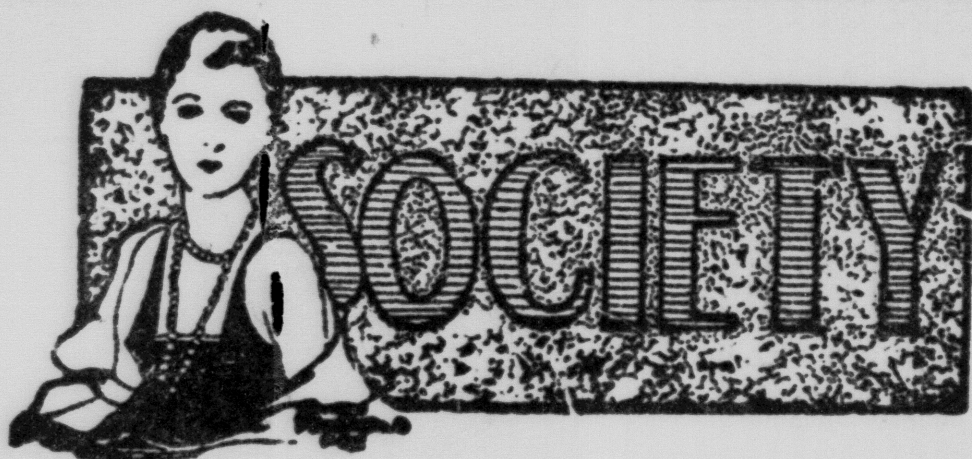

Having had the field practically to himself these last eight years since Hitler has been in power the little minister is for the first time finding the tables turned against him. Others, too, can play a "war of nerves." Russia and Britain have now opened a counter-attack.

How great its effect has been on Europe's conquered people, is too early to say. It is not too early to say, however, that London's "vltzkeig" and Moscow's melodramatic "scoops" have been keeping the Reichminister's office busy issuing denials and pool-pooling the enemy's claims.

From England come reports that the "vltzkeig" has rallied a secret army stretching from one end of Europe to the other, an Army composed of the millions of men, women and children who hope for Hitler's downfall. Their symbol, a "V" for victory, scrawled on posters, fences, automobiles and walls, is a sign to the Nazi overlords of their subjects' silent rebellion and their determination to obstruct, in every way possible, the continued German occupation of their lands.

Reports of unrest and sabotage have, of course, come out of the conquered lands long before England started its "V for Victory" war of nerves. But the "vltzkeig" at last gives to Europe's rebellious people a common symbol and a universal rallying cry. And to Germany it gives a severe headache, as have Radio Moscow's nettlesome yams, including the story that Field Marshal Goering has sunk into such disfavor that he has been thrown into a concentration camp.

## CASTLE HILLS WOMEN HAVE ANNUAL BANQUET

## MAXINE FREEMAN WEDS LIEUT. RAYMOND EARDLEY

About 35 women attended the annual banquet of the Castle Hills Women's Golf League held Tuesday evening at 8:30 o'clock in Zelma's.

## Executive Board Of County Scout Council Gathers

## Many Matters Pertaining To Operation Of Local Scout Organization Discussed

Executive board members of the Lawrence County Boy Scout Council held a meeting Tuesday evening in the scout headquarters, 328 Highland avenue.

C. W. Carbeau, council president, conducted the business meeting. The board adopted the budget for the coming year for the council and also adopted the set of by-laws that have been drawn up to govern the Ellwood City Veterans club.

The executive board was advised that the arrangements for a deed to the scout building have been completed.

Date of November 24 was set for the annual council meeting.

A suggestion was adopted that this year each scout district would sponsor its own anniversary dinner instead of having one large dinner for the council.

Plans were made to make numerous improvements at Camp Thompson, the official Boy Scout camp at Ellwood City, and to adopt the camp stamp savings plan for this camp.

## New Hampshire Girl Not Found

## Fourth Day's Search Fails To Reveal Trace Of Missing Girl

(International News Service) CONWAY, N. H., Oct. 1.—The fourth day's search for tiny Pamela Hollingsworth, who wandered into the dense woodlands at the base of Mt. Chocoma on Sunday, opened today under the dread suspicion that she might have been kidnapped.

While the five-year-old child's father, Joseph E. Hollingsworth, still rode mountain roads on a sound truck, calling "It's daddy, Pam, where are you?" Sheriff James Welch reported:

"The chances are 10 to 100 that she is not in the woods. I think this is another Walker case."

The sheriff referred to the disappearance of six-year-old Sara Walker at almost exactly the same spot six years ago. The Walker child never was found.

Strengthening the kidnap theory was a state police broadcast ordering the arrest of a Conway convict on "suspicion of kidnaping."

## Threaten Strike In Washington Hotels Tonight

(International News Service) WASHINGTON, Oct. 1.—The A. F. L. today threatened to call a strike of 3,000 bellhops and service workers in Washington's 16 leading hotels at midnight tonight.

Spokesmen for the hotels, containing the living quarters of many international and national notables, and representatives of the federation's bellhops, bartenders and service men unions were to make a last-minute attempt to settle the dispute at conferences during the day.

The unions are demanding increased wages and a closed shop and have rejected a flat 10 per cent increase.

If called, it will be the second hotel strike in the national capital in two years. It also will force many prominent figures, including Vice President Wallace, Secretary of State Hull and many senators and representatives, to decide whether to cross picket lines to get to and from their hotel suites.

## East Side School Group In Business Session Last Night

Members of Thaddeus Stevens School Alumni association last night elected Howard L. Reynolds, funeral director, president for the coming year.

Over 50 men and women assembled in the East Washington street building they attended as pupils for their annual business meeting. Others named were: W. E. "Ted" Clark, vice president; Francis N. Hammond, secretary; Mrs. Bertha Stewart Campbell, treasurer, and T. Humphrey Richards, Paul M. McGaffie, Edward Bollard, W. C. Drusche, Arthur McNickel, Harry Redman, Mrs. Thomas Kennedy and Mrs. T. Humphrey Richards, trustees.

The group giving all attention to business, set the Friday following Old Times' day as the date for the 1942 reunion at Cascade park.

W. E. Clarke, new vice president and retiring president, presided.

## ABANDON TOMATO FESTIVAL

(International News Service) ELWOOD, Ind.—National defense action has caused a decision to hold no state tomato festival in Elwood, home town of Wendell L. Willkie. The defense operations have created a shortage of men in business, factories and canneries here according to officials of the Indiana Tomato Festival Corporation. Abandonment will be for only one year. In the meantime all money and records will be held intact for future festival use.

Sarah Bernhardt, famous actress, was born a Jewess, baptized a Catholic, by birth she was French, by marriage a Greek.

It'll be almost inevitable, the pessimists contend, because, according to their calculations, a country dominated by about two or three dozens of monster, privately-bossed corporations will be simply intolerable.

Their theory is that the tendency's being deliberately engineered, as far as possible, by a few collectivists.

## Social Security Payments Rising

County Total Of 462, At End  
Of June, Were Sharing  
\$9,303 Monthly

RETIRED GROUP GETS  
\$6,657 OF TOTAL

Monthly old-age and survivors insurance payments of \$9,303 were being made to 462 men, women and children in Lawrence county at the end of June, George W. Ervin, manager of the Social Security board office in New Castle, announced this morning.

Monthly payments distributed include \$6,657 to 270 retired workers, \$657 to 55 aged wives of retired workers, \$220 to 11 aged widows of insured workers, \$601 to 31 younger widows with dependent children and \$1,166 to 95 dependent children of insured workers who have died or retired.

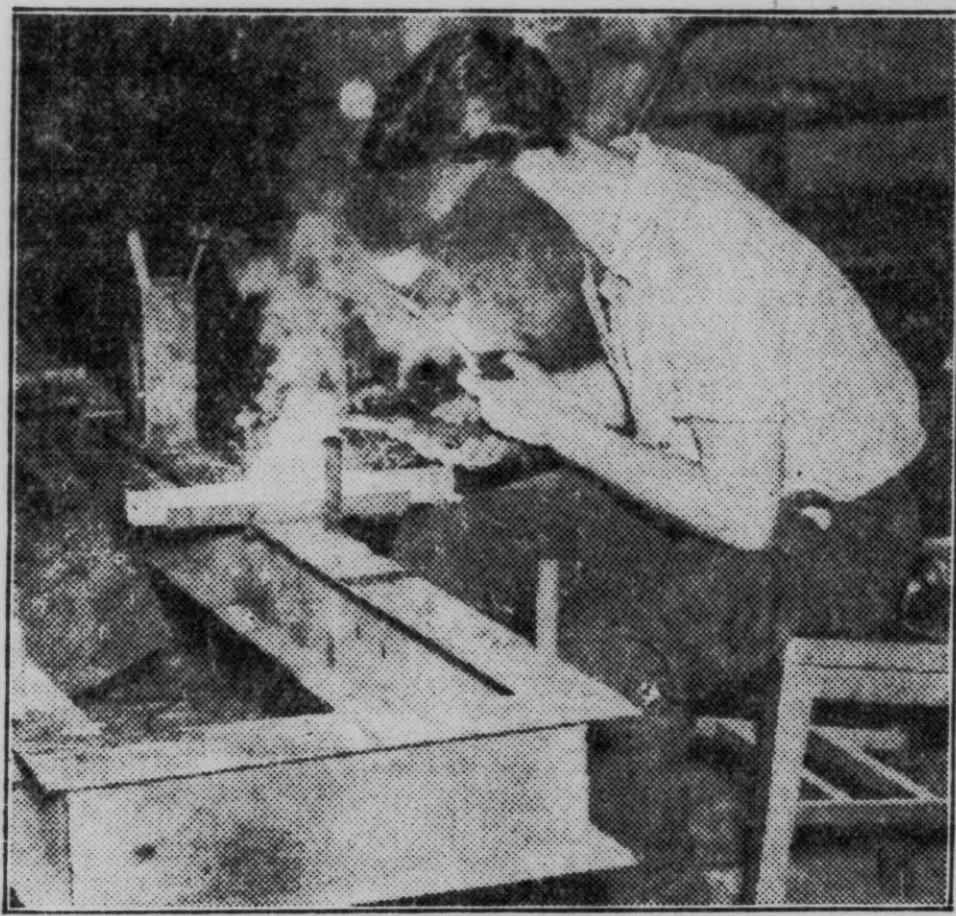

### Payments On Increase

The steady increase in the number and amount of payments being made is illustrated by the fact that in June 1940 monthly payments of \$366 were being made to 30 dependent children of insured workers who had died or retired while in June 1941 monthly payments of \$1,166 were being made to 95 children, an increase of \$800 in monthly payments to 65 more dependent children.

The amount of benefits to the worker, his wife and his children depends upon the wages posted to the worker's account. If there are errors, the worker and his family may suffer reduction of benefits. Consequently, it is advisable for workers to check up their wage records at once, just as they check up on their bank accounts, their building and loan accounts and their insurance premiums.

Ervin stated that the New Castle office of the Social Security board will gladly assist any worker to secure a statement of his wages and will furnish a free postcard form for checking up his record to any who asks for it. He called attention to the fact that 1937 wage records must be corrected before the end of the year.

## Better Progress In Atlantic Battle Seen By Britain

Captain Of British Man-O-War  
Says American Navy Is  
Giving Effective Aid

PHILADELPHIA, Oct. 1.—Britain's battle of the Atlantic is progressing better than had been expected and American aid will be an important factor in shorting the struggle. The captain of an English Man-O-War declared today.

But the fight is far from over, warned Capt. Harold Drew, Commander of the 9,400 ton Manchester which had put in a "general refit" at the Philadelphia navy yard where England's 33,500 ton battleship Resolution was repaired during the summer.

In a press interview aboard the vessel, Captain Drew revealed that the Manchester was one of a group of British ships which recently beat off an attack by plane and submarines in the North Atlantic. The Manchester, built in 1937 and mounting 12 six-inch guns, also took part in the naval engagement in which the Bismarck, pride of the German Fleet, was sunk.

Prices of goods and services are about 15 per cent lower on the average than in 1929, the Department of Commerce says.

## Report Hess Seeks Release

(International News Service)

LONDON, Oct. 1.—Rudolph Hess, former deputy leader of the Nazi party who became the war's "mystery man" with his flight to Scotland in May, has demanded his immediate return to Germany, the London Evening Star reported today.

On two occasions, the newspaper said, Hess has gone on a hunger strike in an effort to secure his release.

Hess takes the view, the Star said, that he should be regarded as a "special envoy" and not as a prisoner of war.

"He thinks he should be returned to Germany immediately," according to the Star.

The story, which received no immediate official confirmation, appeared to throw the first glimmering of light on the nature of Hess' mysterious mission—as obscure today as the spring evening five months ago when he dropped by parachute on the Scottish estate of the Duke of Hamilton as his Messerschmitt 109 crashed in the fields.

## 'Y' GIVES HELP AT 101 ARMY POINTS

Ministers To Recreational,  
Spiritual Needs Of Soldiers In Camps

NEW YORK, Oct. 1.—The Y. M. C. A. now is helping meet the recreational and spiritual needs of members of the American armed forces at 101 different points stretching from Charlestown, Mass., to Hankow, China. Thomas A. Rymer, director of the Y. M. C. A.'s Army and Navy services, announced here today.

Seventy-one of these are Y. M. C. A.-U. S. O. units and 30 are permanent Y. M. C. A. Army and Navy branches. "The Y. M. C. A. is striving to provide service men with the comforts and friendships of their home communities," he said.

"The number of U. S. O. clubs now in operation, including those of the Y. M. C. A., totals 139," Rymer explained. "Those are located at 98 towns and cities throughout the nation and are manned by some 300 workers. These clubs are for the

most part in rented quarters, pending construction of permanent units by the government. In addition, the U. S. O. has 35 field units in operation," he said.

"The Y. M. C. A. is aiding the U. S. O. in carrying on a widespread program for troops engaged in the vast maneuvers now being conducted by the Army," Mr. Rymer stated.

"By erecting emergency showers or arranging for the use of washroom facilities in gasoline stations, schools and public buildings, we have helped make the soldiers more comfortable. In the evening we have provided entertainment, newspapers, magazines and writing material."

"To finance these operations, the U. S. O. has appropriated \$1,968,287 to its member agencies, including \$713,831 for September activities. These funds have been made available to agencies for operations already underway, and for organization of activities to be launched in the near future."

There have been regrettable but unavoidable delays in the construction of government buildings for U. S. O. operation, Mr. Rymer said, adding that Federal agencies are attempting to expedite necessary approval as fast as possible.

Why shouldn't a big woman wear pink? Well, why shouldn't a two-year-old girl wear black?

### RECORDING BIRTHS

A new volume has been opened in the prothonotary's office, for the purpose of recording "Delayed Record of Births." The first birth to be recorded there is that of Milo Junior Burrows of Cepher Hills, Florida. There are but eighteen registered thus far but they include such cities outside of Lawrence County as Ferdale, Mich., Jackson Mich., Miami, Florida, Carlton, O., West Lawn, Pa., Wilkesburg, Pa., East Palestine, O.

### BIRTH CERTIFICATES

There are still many people who are in the dark in the matter of getting birth certificates. Under a law passed by the last General Assembly most anyone can get a birth certificate now.

If you were born between 1893 and 1906, it is possible your record may be on file in the prothonotary's office although this is not guaranteed. Keeping records in the old days was done less efficiently than it is today and now and then one bobs up missing. However you apply at the prothonotary's office and if the record is there you get it. If you were born between 1906 and the present time your record is Harrisburg in the Bureau of Vital Statistics Department of Health.

If you were born before 1893 or there is no record in the county offices of the county in which you were born, you can get a certificate. If you were born in Lawrence Coun-

ty you can make application in the office of the prothonotary. If you were born in another county you can make application to Charles H. Andrews whose office is on Jefferson street. He is in the office Tuesday and Thursdays.

### CAMPAIGN CHAIRMAN

Attorney Ralph Cooper has been selected by County Chairman Roger W. Rowland of the Republican Party and the Republican candidates to be the campaign manager of the political campaign which will open shortly.

### AT CONVENTION

County Commissioner William R. Walton is holding down the commissioners' office single handedly this week. Commissioners George H. Bollinger and Joseph F. Travers are in West-Beare, Pa., attending the convention of county commissioners of Pennsylvania.

### ELECTION EXPENSES

Several more expense accounts have been filed by candidates. Clyde B. Houk, a candidate for the Republican nomination for burgess of Ellwood City files an expenditure of \$98.85. Louis G. Genkinger, candidate for the Republican nomination for city council in New Castle files a report of \$87.25 spent. William J. Nagel, candidate for the Democratic nomination for tax collector of Ellwood City files an expense of less than \$50.

### COMMISSIONERS' CONVENTION

At the convention of the county commissioners meeting in Wilkes-Barre, several innovations have been suggested. Commissioner Foster C. Hillegass of Montgomery County favors a "bureau of public relations" for the furnishing vital statistics of the county to newspapers from time to time. Hillegass also told the commissioners they could purchase advertising space in local dailies to inform the tax payers of important events such as registration days, tax reports and voting requirements.

Luzerne County Solicitor R. Lawrence Coughlin told the convention the present soldier ballot law is inadequate. He said many soldiers lose their vote through failure of registration boards to locate them.

During the discussion Dauphin County Commissioner James H. Lane presented the question of an inmate's home voting privilege. Whether he should vote in the precinct in which the home is located or in the precinct from which he came. The ruling was that the inmate must vote in the precinct from which he came.

## President May Ask Changes In Social Security

Will Send Special Message To  
Congress Concerning  
Further Revision

(International News Service)  
WASHINGTON, Oct. 1.—President Roosevelt will send a special message to congress "in about a week" proposing further revision of the social security program, Federal Security Administrator Paul V. McNutt predicted today following a White House conference.

Although McNutt declined to go into details, he admitted that the possibility of increasing the social security on individuals had been one of the matters under discussion with President Roosevelt.

Some administration economic experts have been urging such an increase as one of the counter moves to inflation.

When asked what the new tax might be, McNutt replied: "All that is speculation and why get people alarmed before something is decided."

Sitting in with the president and McNutt were Secretary of the Treasury Morgenthau, Secretary of Labor Perkins, Budget Director Harold D. Smith, Social Security Chairman Arthur J. Altmeyer, and Roy Blough, chief of the tax research division of the treasury department.

## Plan Three Plays In Little Theatre

Westminster College Dramatics  
Students To Present  
"Pygmalion" In  
November

(Special To The News)  
NEW WILMINGTON, Oct. 1.—Three plays have been scheduled by the Westminster college Little Theatre players for the coming year, under the direction of Dr. A. T. Cordray, dramatics and speech head.

The season opens with George Bernard Shaw's "Pygmalion," Nov. 4-7, with a cast chosen entirely from Masquers, dramatics fraternity on the campus. "Pygmalion" is the only Shaw play ever produced in Hollywood.

Scheduled for December 10-13 is Karl Capka's "The World We Live In," a satirical view of human society enacted through the family and social life of insects. The play requires the costuming of human-actors into life-size insects on the stage.

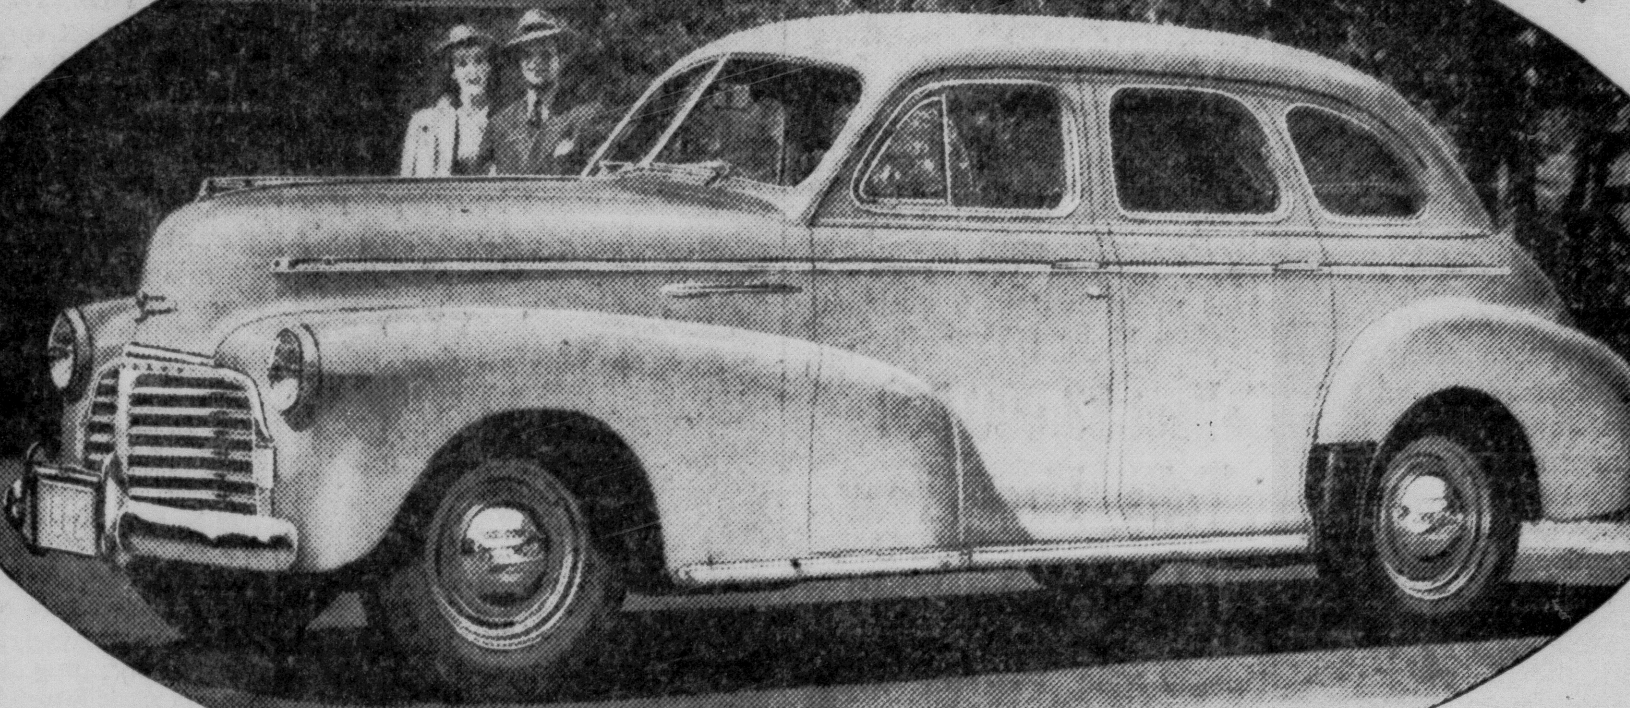

Tentatively listed for early May is a recent Kaufman-Hart comedy "George Washington Slept Here," which was popular on Broadway last winter.

Other Little Theatre productions will include two or more series of one-act plays.

### HE SUFFERED

(International News Service)  
FORT MEADE, Md.—At Fort Meade, Md., a soldier reported at the infirmary with a sore throat. He was checked in and when the records were complete, with last name first, the soldier's chart read: "Sufirin, Ben."

# 'Merge U. S. And British Power To Keep Peace'

Such Is Move Urged By Secretary Knox In Speech To Bar Members

(International News Service)  
INDIANAPOLIS, Ind., Oct. 1.—Secretary of Navy Knox today called for a merger of American and British power to enforce world peace "by force if need be" after "we have taken adequate steps to bring defeat to the legions of Hitler and his satellites in Italy and Japan."

This was the first time that any member of President Roosevelt's cabinet has used such strong language in outlining the possible objectives of the United States and Britain in the Orient since the beginning of the so-called "exploratory" talks between Secretary of State Hull and Admiral Nomura, Japanese ambassador, looking toward settlement of differences in the east.

**Sweep Pirates From Sea**  
Knox told the 64th annual convention of the American Bar Association that "we are already sweeping the German pirates from the north Atlantic, and bringing to England the products of arsenal we have set up here," and "eventually we shall lock Nazi Germany up in an iron ring, and within that ring of seapower she shall perish."

"In the long run this advantage of sea power, and sea power alone, will be decisive," the secretary asserted. "We will keep the sea lanes open. We will keep those lanes open wherever they may lead, to the end that totalitarianism shall be de-

feated, and the principle of free governments of free people be preserved."

He added, however, that "when we have defeated Hitler, and destroyed the Nazi bid for world dominion, we must set up conditions which will prevent the rise of new Hitlers."

"This does not mean that we must fight every time there is a disturbance in the world," Knox continued, "but it does mean that the great law-abiding, peace-loving nations must take the power into their hands and keep it there for a long time to come to prevent the inauguration of another world war."

"To put it bluntly, we must join our force, our power to that of Great Britain, another great peace-loving nation, to stop new aggression, which might lead to a world disturbance, at its beginnings."

## Collect \$3,000,000 Tolls First Year On State Turnpike

Twenty-Nine Fatalities Occur During First Year's Traffic

(International News Service)  
HARRISBURG, Oct. 1.—The \$71,000,000 Pennsylvania Turnpike rounded out its first anniversary today with the announcement that \$3,000,000 in tolls were received for approximately 2,550,000 vehicles during the first year of operation.

In addition, the turnpike commission said that more than 5,000,000 persons traveled the 160-mile super-highway, that lances across southern Pennsylvania.

The commission stated that the express highway's fatality record—officially placed at 29—was less than 10 per cent per 100,000,000 vehicle miles as compared with 12.1 throughout the nation and 10.6 on other Pennsylvania highways.

## Stephen O. Lewis Promoted By B. & O.

Former New Castle Man Made Road Foreman Of Engines At Cincinnati, O.

STEPHEN O. LEWIS

Another former New Castle man has been moved up by the Baltimore & Ohio Railroad. It was announced today when Stephen O. Lewis, road foreman of engines for the Akron-Chicago division, was promoted to the position of road foreman of engines for the Cincinnati, O., terminal. The promotion is effective today.

For over 20 years Mr. Lewis was a resident of New Castle when he was employed as a locomotive engineer by the B. & O. In 1925 he was taken out of active engine service and made an instructor in fuel economy in Baltimore, Md. He served in this capacity at a number of junction points of the B. & O. and in 1926 was made assistant road foreman of engines at Chicago. In 1927 he was sent to Akron, O., as road foreman of engines, a position he has held since.

In his capacity as road foreman Mr. Lewis has made periodic trips to New Castle. In his new position he will not be required to leave his offices in the Cincinnati terminal. He will be succeeded as road foreman at Akron by A. W. Stambaugh who comes from St. Louis, Mo.

## With New Castle Afro-Americans

**P. L. D. CIRCLE**  
P. L. D. Reading Circle members met Monday evening in the home of Mrs. Emma Taylor, Green street. Twenty members answered to roll call, and after a business session an interesting program on the theme, "Building of the American Flag," was presented, in charge of Mrs. Carrie Ferguson.

Special guests were Mrs. Naomi Munterlyn, Mrs. Lucile Hambrick, Mrs. Beatrice Richardson, Mrs. Evelyn Smith, Mrs. Sally Watkins and Mrs. Alice Jenkins. The hostess, aided by Thelma Stewart, Otha Jackson and Beatrice Richardson, served refreshments.

The club will meet in two weeks, with Mrs. Otha Jackson, West State street.

**CHOIR MEETING**  
Senior choir of the Second Baptist church will meet Thursday evening with Mrs. Naomi Munterlyn, West North street.

**St. Luke A. M. E.**  
There will be prayer and class meetings at the St. Luke A. M. E. Zion church this evening at eight o'clock.

Captains for the membership and tag day rally are to meet with the pastor, in the church, at 8:30 to-night. Officers and members of the Women's Home and Foreign Missionary society, Young Women's branch and Buds of Promise are to meet, also.

The choir will meet Thursday at eight p. m. for rehearsal and to make plans for their songfest on Sunday, Oct. 12.

Board of trustees will meet in the parsonage Friday at eight p. m. Members of the stewardship board will meet at the same time.

**FORTY CLUB**  
Members of the Forty club will meet Thursday afternoon, Oct. 2, with Mrs. Helen Carter, 109 1/2 Center street.

Water does not boil, as it gives the appearance of doing, when dry ice is dropped into it. The bubbles that come to the surface are bubbles of carbon dioxide, and not water vapor, and are due to the carbon dioxide passing from the solid form of the dry ice to the vapor state directly.

Use a tablespoon of milk in which a little brown sugar has been dissolved to glaze cakes and pastry.

Mr. and Mrs. Harry Reed, of Mt. Jackson, are visiting in Niagara Falls and other points. They accompanied Mr. and Mrs. Fred Henderson, of Bakersfield, Cal., visitors at Mt. Jackson, who have continued on to New York City. Also accompanying them as far as Pittsburgh, were Mr. and Mrs. Edwin O. Reed and Grace Reed.

Mr. and Mrs. Fred Henderson, of Bakersfield, Cal., who have been visiting at the home of the former's uncle, Mr. and Mrs. E. S. Reed, of Mt. Jackson, have departed for New York City and other points of the east before returning to California. Mr. Henderson is the son of the late Mr. and Mrs. J. Ross Henderson, former residents of New Castle.

Mrs. Mary B. Stevenson of Burbank, Cal., has arrived in New Castle, called here by the serious illness of her daughter, Mrs. June Bernard of East Laurel avenue, who is a patient in the New Castle hospital. Mrs. Stevenson will remain in the east several months visiting another daughter, Mrs. A. J. Rudge of Pittsburgh, and relatives in Beaver and East Liverpool, O.

## Cadet Aviators' Course To Start

Registration For 24-Week Instruction Set For Monday, October 6

### ELKS WANT 25 IN OPENING CLASS

Formal registration for the 24-week Army Cadet Pilot training course to be given here under the joint sponsorship of the Army and New Castle Elks lodge will take place in the Senior high school Monday evening, October 6 at 7 p. m.

Sergeant Owen E. Tighe, Army recruiting head here, said it is hoped a class of 25 will be ready to commence nightly instruction—five nights a week, and two hours each night—on Tuesday night.

The Army recruiting office here today awaited results of the rigid Pittsburgh physical examinations of the first group of 18 young men to be accepted for the course here. The Cadet Board this week, and upon those doctors' findings will depend whether or not they have qualified for instruction.

Dr. Arthur B. Foster, Elks spokesman, extended to all single men between 20 and 27 years an invitation to register Monday night, and to start instruction even if they have not undergone physical examinations. They will get a medical check as quickly as the Army can arrange it.

Dr. Foster explained: "We want 25 in this first course and if eligible fellows sign up and begin instruction and then pass their physicals later, they'll be further ahead. If they should fail to pass the tests, no harm will be done."

## CHEST CAMPAIGN TO OPEN MONDAY

(Continued From Page One)

have sent in their "I Will Help" cards, and everything points to the success of the campaign. The program of the meeting has not been announced, but the plans are for a short meeting packed with inspiration and facts on the work and needs of the community's welfare agencies.

Must Make Good Start

In announcing the dinner meeting, Judge Braham stated: "Any movement to be successful must get off to a good start. The many workers with who I have already discussed our plans were agreed that a really rally meeting is needed to inform all the workers as to the extent of the job and the way it can be successfully accomplished. The aggressive and straightforward action is needed these days to bring success to any undertaking. The campaign this year is going to be a success and I am sure that our many citizen workers will be on hand to start the ball rolling next Monday evening."

Judge Braham also pointed out that while a large number of workers have volunteered their services for the campaign, the campaign committee will welcome aid from all others who can spare the time to help. "Many residents," he said, "are willing and capable of rendering real service to the community, but for one reason or another have not been requested to do so. The campaign committee calls the Community Chest officers, telephone number 2572, and volunteer their services in this community's "mobilization for human needs."

## Y. W. Conference Tuesday Evening

Discussion Groups, Smorgasbord, Feature Fall Conference Held In Y. W. C. A.

"Putting Y. W. C. A. ideals into practice" was the theme for 60 Y. W. C. A. committee women and club girls at their fall conference held Tuesday evening in the "Y" Fellowship is one of those ideals, and ways of making girls feel at home in Y. W. C. A. clubs and in the "Y" building were planned.

Especially do Y. W. leaders want girls who have come to New Castle defense industries recently to feel at home in the Y. W. C. A. The parlor on the second floor furnishes a homelike place to read or to meet friends and membership in the Y. W. C. A. is not required. Strangers are invited to come in and introduce themselves.

Nearly all of the discussion groups last night talked of ways to make Y. W. C. A. leaders and Y. W. members know more about the Y. W. program and all endorsed the "come and see" open house to be held Thursday, October 9, from 7:30 to 10 p. m., when all the clubs of the Central Y. W. C. A., corner of Jefferson and Washington streets, and also the colored branch at Elm and Falls streets, will be "at home" and carrying on their regular programs. New members for all these clubs are invited to visit that night, also Community Chest and Y. W. C. A. members are being asked to go and see what their contributions make possible. Discussions were ably led by Miss Elizabeth Yingling, Mrs. Raymond Williams, Miss Alice Sterling, Mrs. Charles Metzler, Miss Helen Hazen and Mrs. Glenn Berry. Mrs. Glenn Throop, the conference program chairman, Mrs. Roy Long, smorgasbord chairman, Mrs. A. B. Foster, Y. W. C. A. president, Mary Louise Ward and Shirley Webber, group singing leaders, Catherine Caruthers and Betty Mae Wright, in their dialogue, "We'll Show You How", and all the leaders present, helped to demonstrate the genuine friendliness which is found in the Y. W. C. A.

The conference was closed by a group of Girl Reserves. Dorothy Gibson, Helen Hazen, Mildred Jones, Phyllis Burdette and Emma Jean Wilkison, who wrote and presented the worship service for the East Brook Girl Reserve conference last Saturday.

### CROWD OF 70,000 AT OPENING GAME OF WORLD SERIES

(Continued From Page One)

foot mark he was given a big cheer.

A few minutes later Charlie Keller, taking his position on a heavily taped right ankle, lined two more almost into the same spot and there was a big cheer as jolting Joseph DiMaggio took his place. Joe took five cuts, lining out three deep ones to left field and sending two grounders to the infield.

A check-up seemed to establish young George Roxburgh of San Diego as the probable long distance fan at the game. George is a member of the championship San Diego American Legion team and traveled all the way across the continent to see the series.

### May Shatter Records

By noon there were about 50,000 of the faithful in the stands. The upper stands, which were unreserved, were filled quicker than it takes Leo the Lip to holler "Ya Bum".

The Yankee front office felt that there was a great possibility of the all-time record attendance mark for one series game being shattered. The previous record of 66,669 was set at a Yankees-Giants game in 1936.

The fans, many of them women, were noisy and good-natured, and impatient. They wanted to get a look at their favorites, and when Charlie Keller and Ken Silvestri poked their heads out of the Yankee dugout to lead the team on the field the stands started to roar.

Soon the dugout opened its mouth and spilled the rest of the great Ruppert bombers on the greensward and the Yankee stadium was alive with its steadiest tenants.

### Batters Selected

When the Vagabonds of baseball, Brooklyn's beloved bums, met the Mr. Moneybags of the American League, New York's Famous Yankees, in the opening game of the 38th annual world series before a crowd estimated at 70,000 and possibly the largest in history for a single game of the classic.

Manager Joe McCarthy sent Red Ruffing, a veteran of world's series competition, to the mound for the Yankees. Opposing him was Curt Davis, curve-ball artist, named by Leo Durocher to carry the load for the Dodgers in the initial game. Both men are right-handed pitchers.

On the receiving end for Ruffing was Bill Dickey while Mickey Owen was named to handle Davis' slants. First inning Dodgers: Walker walked on four pitched balls; Walker stole second; Herman out, Rolfe to Sturm. Reiser flied to DiMaggio; Camilli struck out. No runs, no hits, no errors.

First innings Yanks: Sturm lined Davis' second pitch over Lavagetto's head for a single. Rolfe bounced to Camilli who threw to Reese forcing Sturm at second. Rolfe safe on first; Henrich hit to Herman and forced Rolfe. Herman to Reese. Heprich safe at first; Medwick came in and took DiMaggio's high fly; no runs one hit no errors one left.

PLAN SEARCH FOR GOLD (International News Service) SACRAMENTO, Cal.—Gold tests will soon be made on the Hoopa Valley Indian Reservation by the Loblaw Company of Sacramento. Owen M. Bogess of the U. S. Indian Agency announced. Preliminary examinations along the Trinity River in Humboldt County where the reservation is located have disclosed the presence of large quantities of gold-bearing gravel. Crone has also been found. The company plans to use a dragline dredge capable of moving 3,500 yards of pay-dirt a day.

## Junk Heap Hides Officers' Tent at War Games

From a distance, this hodge-podge of empty cracker boxes, soap cartons and what-not looks like nothing more than an ordinary refuse heap. In reality, under the wire netting supporting the camouflage stands the officers' tent of Army G-4 at Bossier City, La., where strategy was mapped during Louisiana war games. (Central Press)

## Predicts Reduction In Draft Age Limit

Laughs at Taxes

(International News Service)  
HARRISBURG, Oct. 1.—Brig. Gen. Lewis B. Hershey, national selective service director, today predicted a reduction in the 28-year draft age limit and suggested permanent military service in limited age groups for American youths.

"I'm not making a plea for the European system," he declared, "but in my time we have gone through three hysterias which could have been avoided if we had been prepared."

He added that congressional action on permanent military service might be taken before the draft law becomes inoperative in 1945.

General Hershey failed to enlarge on his prediction that the age limit would be further reduced but explained that it would reduce the number of deferments now made by local boards.

General Hershey conferred with Gov. Arthur H. James and State Selective Service Director Dr. William Mather Lewis about the state's draft system.

Pennsylvania's selective service

system, General Hershey said, has been a model for other states and has been copied in New York, Indiana, Ohio, West Virginia and Kentucky. It becomes nationwide Jan. 1, 1942.

He referred to the system of having draft registrants examined by local army examining boards before induction in military service. The procedure has weeded out men unfit for service and accelerated the army's induction program, he added.

At the same time, General Hershey declared against the "over the hill in October" movement that has sprouted in several camps among drafted men who say they will leave at the end of one year of service.

"The man who says he is going over the hill in October you don't have to worry about," he declared, "it's the other fellow that doesn't say anything."

General Hershey said that his observations coupled with reports from deputy directors made it apparent that there "was no crumbling of morale in the army."

Alphonse LaPlante, 27 months old, Salem, Mass., has been threatened with arrest because he hasn't paid his poll tax. Census taker listed him as 21 years instead of 21 months. Alphonse just laughs.

## Student From Colombia In Westminster Classes

(Special To The News)

NEW WILMINGTON, Oct. 1.—Outstanding addition to the Westminster college student-body this year is Alfonso Rodriguez, 20-year-old South American, who comes to the college as a result of a Pan-American goodwill gesture.

"Home" to Rodriguez is Bogota, Colombia, South America, high in the Andes mountains. Rodriguez hopes, after a year's work in business administration, to go back to his home as a representative of some American company in South America.

Asked what impressed him most on the Westminster campus, Rodriguez, who speaks English slowly but always with a smile and a slight shrug of the shoulders answered, "I suppose the friendliness

most of all; and second the co-eds. It's too cold and chilly in Bogota for people to be friendly; and very few girls ever go to college. There are not more than 20 in the university, where over 1,000 men are enrolled."

One of four children, Rodriguez was picked to come to Westminster through the Pan-American Union. Westminster furnishes a tuition-free fellowship to the Colombian student, whose knowledge of football and many other American "institutions" he admits is limited entirely to the movies.

Born in France, Rodriguez moved to South America at the age of six months. He speaks French and Spanish fluently, but has some difficulty understanding American class-lectures.

"The people of my country are definitely pro-British in the present war," Rodriguez says, "but Hitler sympathizers are not hard to find." Al's "favorites" include Errol Flynn and Deanna Durbin in the movies, and Xavier Cugat for dance music, and his favorite dance "the rhumba."

The Department of Commerce says the need for expansion of productive capacity in many raw material industries is great.

Yet every good citizen feels free to break a few laws that he considers darned nonsense.

**Displays Dodge At Rick Showrooms Here**  
Newest Models Represent Finest Of Engineering; Many Features

Dodge cars for 1942, more beautiful than ever, today made their public debut here in the showrooms of the J. R. Rick Motor Car Co. at 468 East Washington street.

The eye-filling beauty of all the models—including the newest, called "Crowning Achievement"—is matched by the impressive list of operating advantages and economy innovations.

Viewed from the front, the newest Dodge has a new square-effect radiator grille of massive design. The gracefully tapered engine hood is top-hinged, opened only through pull buttons located below the instrument panel.

Broadly stated, the new Dodge line's major characteristics are: A new, undeniably more beautiful exterior, completely restyled interiors, a new 105 h. p. engine transmitting its greater power through the Dodge All-Fluid Drive in a manner combining even faster acceleration with new fuel economy, new features promoting riding comfort and safety, and the provision, as standard equipment, of a variety of construction and operating details which in former seasons were regarded as extras.

About the time Grand Coulee dam exterminates them, we'll discover that salmon are the only source of something we need.

**First Aid Course To Be Held At Butler**

Harry J. Culliford, chairman of the first aid committee of the Lawrence County chapter, has been advised by the National Red Cross headquarters of an instructor's first aid course to be held in Butler, Pa., the week of October 13.

All interested people in Lawrence County should contact the chapter office before the opening of the class. "No one can enter this class unless they are holders of a standard and advance certificates," stated Mr. Culliford. It is the hope of the chapter to have a fine representation from the chapter.

# British Bombers Hammer Port Of Hamburg Again

## Nazi-Occupied Coast Bombed

German Raiders Make Attack Upon Coast Of England Last Night

LONG RANGE GUNS ARE ALSO ACTIVE

(BULLETIN)  
(International News Service)  
LONDON, Oct. 1.—Squadrons of British bombers hammered the German port of Hamburg and the industrial city of Stettin for the second successive time last night and early today while other R. A. F. units blasted Nazi-occupied Cherbourg on the French coast. Meanwhile German raiders sharply attacked several points on England's northeast coast and many casualties were reported. A number of "screaming" bombs were dropped.

Several small fires broke out but were quickly controlled or extinguished. Reports published abroad that fires had been set in five towns were termed a "terrific exaggeration" by British authorities.

Attack On England

An air ministry communique said enemy activity during the night was not on a large scale but included a fairly sharp attack on the northeast coastal district of England, causing considerable damage and a "number of casualties including fatalities." The announcement added one raider was shot down.

Late at night German long-range

guns on the French coast at Cap Gris Nez opened up a lively cannonade across the moonlit Straits of Dover.

The bombardment was believed directed at a British convoy in the straits. Buildings on the Kent coast were shaken by detonations as shells burst several miles off shore.

Meanwhile, reports from Bernese said the Swiss minister to London has been instructed to protest against Sunday night's violation of Swiss territory by R. A. F. planes which crossed Switzerland en route to targets in Italy.

There was a large attendance at the style show sponsored by members of the Laura M. Stevenson class in Central Presbyterian church Tuesday evening.

Fall styles, chosen from a local shop, were modeled by members of the various organizations of the church, as follows: Mrs. Glenn Anderson, Mrs. L. W. McClung, Miss Eleanor Lowery, Mrs. Henry Bratschie, Miss Elma Robinson, Miss Helen McCollum, Miss Margaret Peden, Miss Virginia Louer, Mrs. R. M. Patterson, Miss Louella Walters, Mrs. S. S. Willson, Mrs. Don Hanna, Miss Margaret Robinson, Miss Betty Rudesill, Miss Betty Jane Lowery, Miss Preda Campbell, Miss Virginia Donaldson, Miss Mary Elizabeth Jenkins, Miss Mary Leslie Wilson, Miss Shirley Hanna, Mrs. James Hinkson and Mrs. Earl Leslie.

During the review, several piano selections were presented by Harold Henderson. Refreshments were served by Mrs. Keith Van Fossen, Miss Margaret Lowery, Miss Helen Forsythe and Mrs. Clarence Claypool.

Other committees included: Arrangements, Miss Martha Matthews, Mrs. Arthur Bratschie, Miss Roberta Sedgwick; tickets, Eleanor Lowery.

## Rabbi Praises Chest Program

Opportunity To Aid In Community Welfare Seen In Chest Campaign

RABBI N. H. DIAMOND

The improvement of any given community is primarily and obviously the job of the community itself. Individuals, however noble their intentions, never quite strike at the root of social problems by their own largess. They are problems common to the entire community, hence the concern of every citizen in the community.

The Community Chest is designed for the purpose of elevating the health, the morale, and the social standards of New Castle. If we deliberately allow the sick to go unattended, the young to go uneducated, the indigent to go uncared for, we fail to discharge basic moral obligations to society at large and to the city of New Castle in particular. Every one who lives here shares a part of the responsibility in making this city a more inviting, more healthful, more decent place. And those of us who are so fortunate as to be able to help these less fortunate, ought to do so with outstretched hands and willing hearts.

No sane person would argue against the necessity for hospitals. No loyal American would deprecate agencies serving our young people. No humanitarian would advocate the elimination of organizations concerned with those who have lost their way in the world. Yet the necessity for the material support of these social instrumentalities isn't always quite so clear as the necessity for establishing them in the first place. Now, if we agree that we need them, then let's agree that we ought to do something for them. New Castle's Community Chest campaign will offer just such an opportunity. It's our chest, organized for our benefit. If we take any pride in our city, we will contribute to its institutions.

New Disturbance Hits Auto Plants

Transfer Of Two Men Brings Work Stoppage Affecting 10,000 Employees

(International News Service)

DETROIT, Oct. 1.—Another work stoppage at the Briggs Manufacturing Co. Mack avenue plant today closed the plant for the second successive day and rendered idle 5,000 Briggs and 5,000 Plymouth day shift employees.

Meanwhile, 10,000 employees at the Dodge division of Chrysler Corp., who were idle yesterday because of a "wildcat strike" among 400 paint shop employees, returned to work as usual.

A Briggs spokesman, explaining today's stoppage, said: "Yesterday's disturbances repeated themselves when the Briggs plant opened this morning. Men in Department 371, the frame department, refused to work because two men had been transferred to that department from another."

"This forced closing of the plant and also forces a shutdown at Plymouth due to lack of bodies."

Previously, Melvin Bishop, U. A. W.-C. I. O. regional leader, said he was certain that Briggs would reopen today and the dispute be adjusted through regular grievance procedure.

The Briggs spokesman said whether 3,000 Briggs and 3,500 Plymouth afternoon shift workers would be affected depended on how speedily the dispute was settled.

Evangelist At Greenwood Church

Evangelist Charles L. Wireman of Ashburn, Ga., has been engaged for a fall campaign at the Greenwood Methodist church of Energy on the New Castle-Ellwood City highway.

Services are to begin Thursday evening, October 2, and continue thru October 12. Mr. Wireman conducted a successful revival campaign last February at Greenwood church.

Services will start nightly at 7:45 o'clock, with the exception of Saturday.

## Remley, Director Musical Education

Former Resident Becomes Director Of Musical Education, At Newton, Mass.

James H. Remley, son of Mr. and Mrs. Fred L. Remley, 1029 East Washington street, has been elected to be director of musical education of the 26 schools of Newton, Mass., which is a part of Boston.

From 1937 to 38 he taught in the high school at Newton, from where he went to Indiana State Teachers college, becoming a member of the musical faculty for three years. James was graduated from New Castle high school in 1928. He received his B. S. degree from Indiana State Teachers college in 1933, and his M. A. degree from New York University in 1938.

Mr. Remley's first teaching positions were at New Florence, Blairsville and Indiana high school, going from the latter position to Newton.

## Submarine Sends College Textbooks To Bottom Of Sea

(Special To The News)

NEW WILMINGTON, Oct. 1.—Westminster college juniors, in spite of a deep loyalty for America and strong sympathies for England in the present war, felt some degree of warmth in their hearts during the past 10 days for Hitler.

It seems that the British ship carrying the books to be used in junior "religion and ethics" classes, a compulsory course, was torpedoed by a Nazi submarine somewhere in mid-Atlantic, and down to "Davy Jones locker" went all of the ethics text-books addressed to Westminster college.

So for the past 10 days, students have merely been listening to lectures, while waiting for the books to arrive—with no outside reading assignments.

Now, of course, all of the fun is ended. Substitute books have been purchased from an American firm—and "work goes on as usual."

Installment credit outstanding at midyear totaled nearly six billion dollars, the Department of Commerce reported.

## Grand Master Of IOOF To Be Guest Here On October 7

Odd Fellows To Have Testimonial Dinner In Honor Of Lodge Guests

Honoring Grand Master Walter H. Kline upon the occasion of his first official visit to New Castle, New Castle Lodge 195 of the Independent Order of Odd Fellows will hold a testimonial dinner in the dining rooms of the club Tuesday night, October 7.

Among the officials of the order who will accompany the Pennsylvania Grand Master to New Castle are Past Grand Patriarch Albert G. Eicholtz, Past Grand Master Henry E. Robinson, Grand Herald Harry I. Sharp, Earl H. Bishop and Harley G. McClelland.

The testimonial dinner will open the social season of the local lodge and a number of members of lodges of the tri-county area of Lawrence, Beaver and Butler will be guests here.

Following the testimonial dinner a session of the lodge will be held in the lodge rooms with the grand

master delivering an address to the members. The committee in charge of the arrangements includes the following: Floyd M. House, Leonard A. Campbell, William E. Richardson, William J. Hites, Neal Williams and R. P. Hill.

## Legion Of Honor To Induct Officers

Installation Meeting Will Take Place In Cathedral Thursday Evening

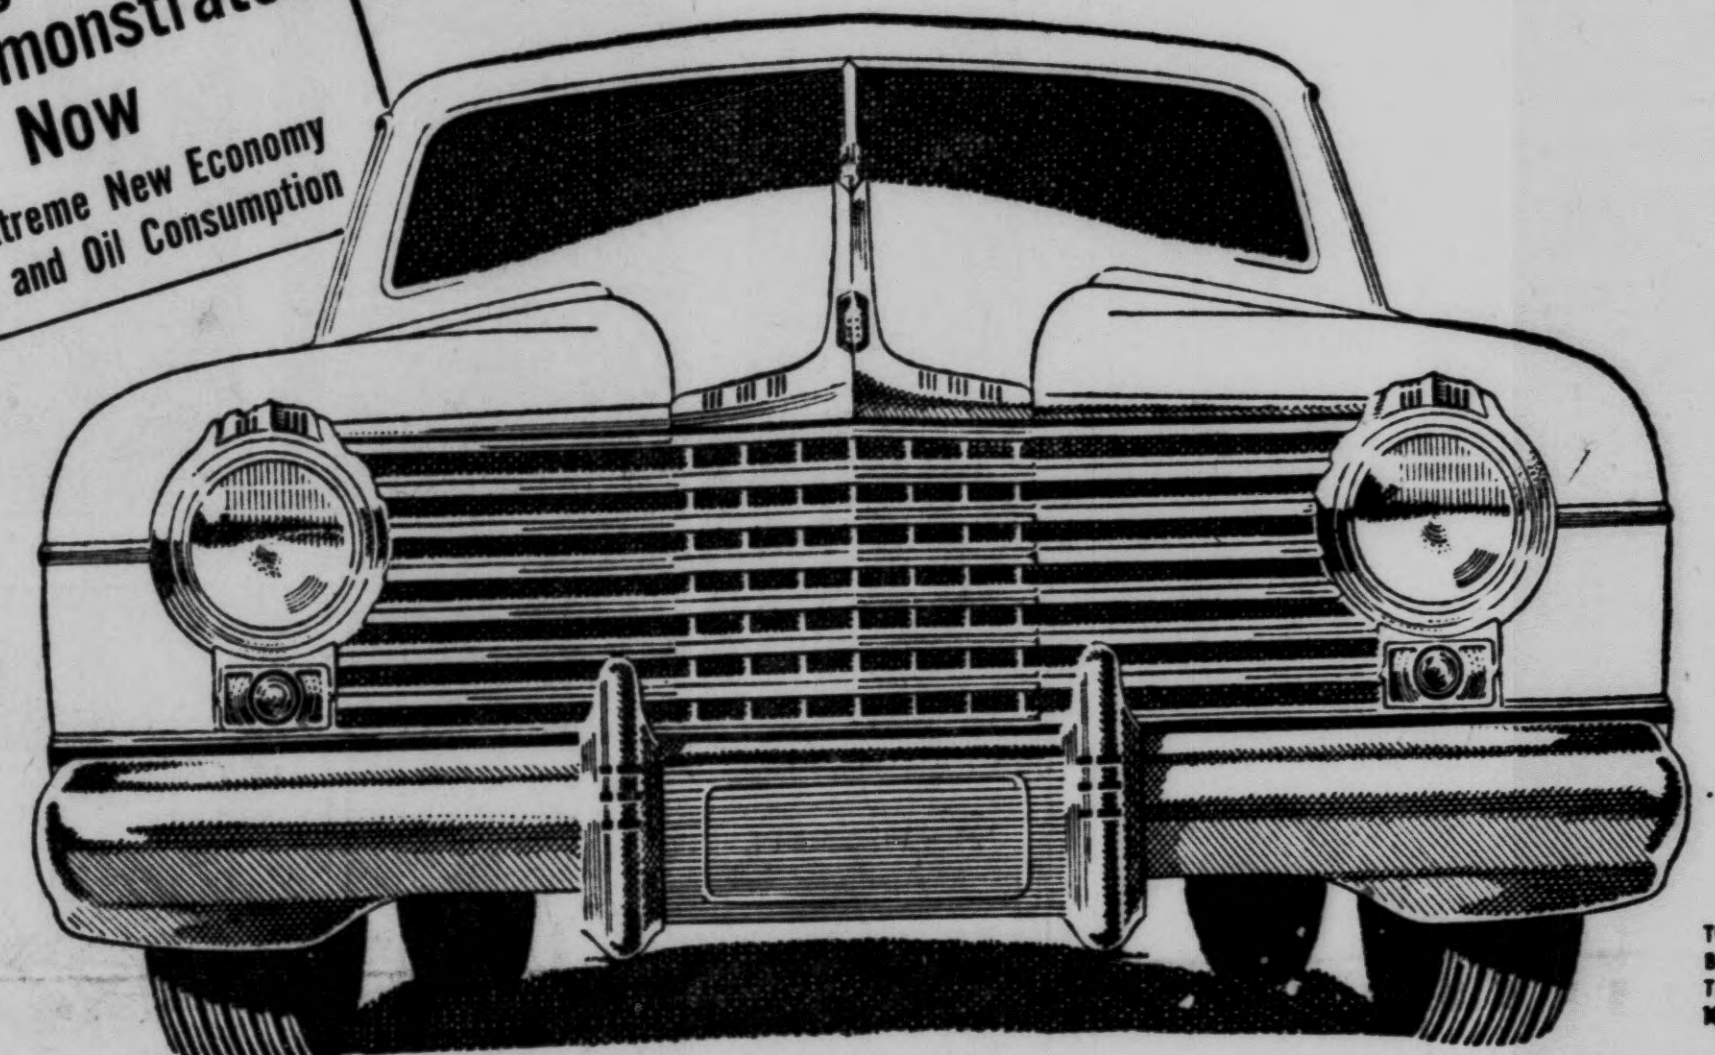

Plans have been completed for the installation meeting of the Legion of Honor, which will take place in their meeting rooms in The Cathedral, Thursdays evening. Commander Chris G. Walker announced today.

The new commander, Ralph Montgomery and his corps of officers will be inducted into office at this time, and plans will be outlined for the fall and winter activities.

The trouble is, we have so many degrees of radicalism that nobody knows where Democracy ends and Communism begins.

TUNE IN MAJOR BOWES, C. B. S. THURSDAYS, 9 TO 10 P. M., E. S. T.

There Can Be No Curtailment of Dodge Quality  
... No Substitute for Dodge Dependability

THIS IS UNQUESTIONABLY THE FINEST CAR DODGE HAS EVER BUILT. IT CONTAINS THE NEW POWER-FLOW ENGINE FOR ITS ALL-FLUID DRIVE. WITH FULL-FLOATING RIDE, IT IS THE FINAL TRIUMPH OF THE FLOATING IDEA AS ORIGINATED BY DODGE. IT IS A CAR BUILT TO THE BEST OF DODGE TRADITION FOR DEPENDABILITY. IT IS AN ENDURING INVESTMENT, FOR AS MANY YEARS AS YOU WISH TO DRIVE IT.

# The New and the Finest Dodge

EVERY MAN OR WOMAN who buys one of these new Dodges will get for his money the very finest car that Dodge has ever turned out. He will get it, of course, from a smaller total production, because the Government of the United States has first call upon Dodge factories and men. But, we repeat, every civilian buyer of Dodge motorcars will receive for his investment all of the traditional Dodge quality at higher levels of endurance, performance and economy than Dodge has ever supplied them before.

Power-Flow Engine—For All-Fluid Drive

He will get, literally, the climax value of twenty-seven years of fine car engineering. He will get the phenomenal success of Dodge All-Fluid Drive. He will get the new Power-Flow Engine, designed and adapted as the more powerful complement to the fluid smoothness of Dodge All-Fluid Drive. He will get a motorcar of lifetime lasting qualities, in which riding and driving have become almost the same thing—except that the driver gets the added joy of command.

Is This Asking Too Much?  
People by the hundreds who have driven the new Dodge say almost the same thing. They say they could not, and would not, go back to the old way of driving. It is not asking too much, we believe, that you investigate these revolutionary Dodge qualities.

You should experience the ebb and flow of Dodge power, at any speed, in any traffic, with or without shifting gears as you may wish. You should measure its new economy against the old, and realize that Dodge, all by itself, has turned the corner into a new day of motorcar performance, long life, and Dependability.

Dependability—Forever the Watchword

It is unquestionably true that fewer cars will be built this coming year, according to your own defense requirements. But, above all, it is true that there can never occur any curtailment of Dodge motorcar quality—and no substitute, ever, for Dodge Dependability.

A new Dodge car is a basic investment for the years.

## ST. MARY'S SODALITY

Members of the Young Ladies' Sodality of St. Mary's church will meet this evening at 7:45 o'clock, in St. Mary's church basement, instead of Friday evening, as previously planned.

No wonder Republicans are uneasy. When the reaction swings them into power, they'll inherit the collapse and the blame.

## Samuel Davy To Be Honored At Lehigh Friday

Local Youth Is Among Upper Ten In Class At School In Bethlehem, Pa.

Samuel Davy, son of Mr. and Mrs. Q. E. Davy, North Cedar street, will receive sophomore honors at the Founders Day exercises at Lehigh University, Bethlehem, Pa., Friday of this week.

The honors for this local youth, a junior at the university, are based upon an excellent record made during the past semester during the year of 1940-1941. He is among the top ten in his class and will be so honored in a public ceremony.

Davy received freshman honors in a similar fashion last year at the school.

## Yellow Bloom On Cactus Plant At Reed Residence

Paul Reed is an excited young man this week.

A few days ago one of his prize cactus plants started to bloom, and to his surprise a yellow flower appeared.

Paul, who resides on East Cherry street, immediately consulted biology experts in the district, who stated that they have oftentimes heard of red cactus blooms but rarely if ever a yellow bloom.

The cactus plant has three sprouts that have not yet blossomed but appear to be almost ready to do so.

## Franciscan Monk Visiting In Africa

Ward Resident Hears From Brother Edmund Cassella, O. F. M., Of Jerusalem

Jane Marie Zarilla of 1020 North Ashland avenue has received word from Brother Edmund Cassella, O. F. M., a Franciscan monk of Jerusalem, and formerly Anthony Cassella of this city, that he is now visiting in Mombasa, Africa.

Brother Cassella states that the country is very picturesque and beautiful where he is visiting, and that the entrance to the wilds of the jungle is very dense and in many places impenetrable.

Many of his friends, who have not heard from him since his departure for Jerusalem three years ago, will be glad to hear that he is teaching in the Terra Santa college there.

## HAS ARM BROKEN IN CONVEYOR BELT

John W. Taylor, aged 63 years, of West Pittsburg, suffered painful injuries Monday when his arm was caught in a conveyor belt at the plant of the Mahoning Valley Sand company. He sustained a laceration of the right hand, and fracture of the right arm. He was treated at the Jameson Memorial hospital.

## SUFFERS INJURY

Frank Spurdute, aged 22 years, of 208 South Liberty street, is recovering from injuries received while at his work as a car repairman's helper at the Pennsylvania shops. Spurdute had his finger caught in a door, the left little finger being broken. He received treatment at the Jameson Memorial hospital late Monday morning for his injury.

## Church Group Will Attend Communion

Sacred Heart Sodality Observing Name Day Sunday; Dinner Is Being Planned

At the special meeting of the Sacred Heart Sodality held Tuesday evening in the basement of St. Lucy's church, final plans were made for Sunday, October 5, when the Sodality will attend communion in a body at the 8:30 o'clock mass. On this day the group will observe the name day of the Sodality, and the month of October is dedicated to the rosary.

Plans are also progressing for the annual spaghetti dinner to be held on Thursday, October 23, in the Christopher Columbus hall, South Liberty street.

President Mrs. Mary Iovanelli announced that the final arrangements will be discussed at later meetings, and at which time committees will be chosen.

October 9 is the date for the next meeting at 8:30 o'clock.

## Erecting Large Flag Pole Here

Crawford-Oakridge NYA Center Will Have 40 Foot Steel Flag Pole Soon

Workmen have started to erect a 40-foot steel flag pole at the Crawford-Oakridge Resident Girls Center, Atlantic avenue. It is expected that the pole will be completely in place by the end of this week, according to Mrs. Julia Sellers, resident director of the center.

The large pole is being erected in the grassy plot in the center of the driveway from Atlantic avenue to the center. The pole will be topped by a large silver colored ball.

## PUBLIC MAY WATCH APPLE BUTTER JOB

Do you want to see apple butter made in a large quantity the old fashioned way?

If you do you have an invitation to stop around at the rear yard of the Mahoning Methodist church on Thursday and watch members of the McCoy Bible class stirring the huge pots of the butter and tending the open fires.

## PARKING PROBLEM

Quite a traffic problem is caused by motorists parking on both sides of East Madison avenue between North Cedar street and Newell avenue daily. The street is rather narrow, and parking on both sides allows but a little more than enough room for one car to drive along this portion of the street.

## HURT AT CENTER

Miss Mona Smelser, aged 20 years, of Crawford-Oakridge NYA Center suffered a laceration of the left thumb while cutting some flowers, using a butcher knife. She was treated at the Jameson Memorial hospital Tuesday afternoon.

## RELATIVE HURT

Domenick Felice of East Cherry street has received word that his father-in-law, Nunzio DePiero of Coitsville, aged 93 years, has broken his leg in a fall and will be confined to bed for some time.

## SEVENTH WARD PERSONALS

Mrs. W. F. McClurg of Fourth street is visiting relatives in New York City.

Mrs. Q. E. Davy, North Cedar street, was a visitor in Pittsburgh earlier this week.

Mrs. Elizabeth Filger of R. F. D. No. 7 has returned home from the Jameson Memorial hospital, where she underwent an operation for the removal of her tonsils.

Mr. and Mrs. Clyde Lennox and the former's father, Frank Lennox, of Washington, D. C., former local residents, have returned after spending a few days here.

Mr. and Mrs. Domenick Froncione and son James of Jamaica, N. Y., visited at the home of Mrs. Froncione's father, Joseph LaStracco, East Clayton street, and have returned to their home.

## Brookville Postal Clerk Gets Hearing

(International News Service) PITTSBURGH, Oct. 1.—John Eberline, 26, of 319 Main St., Brookville, a clerk in the post office there, was to be given a hearing before the U. S. commissioner this morning on charges of rifling the mails.

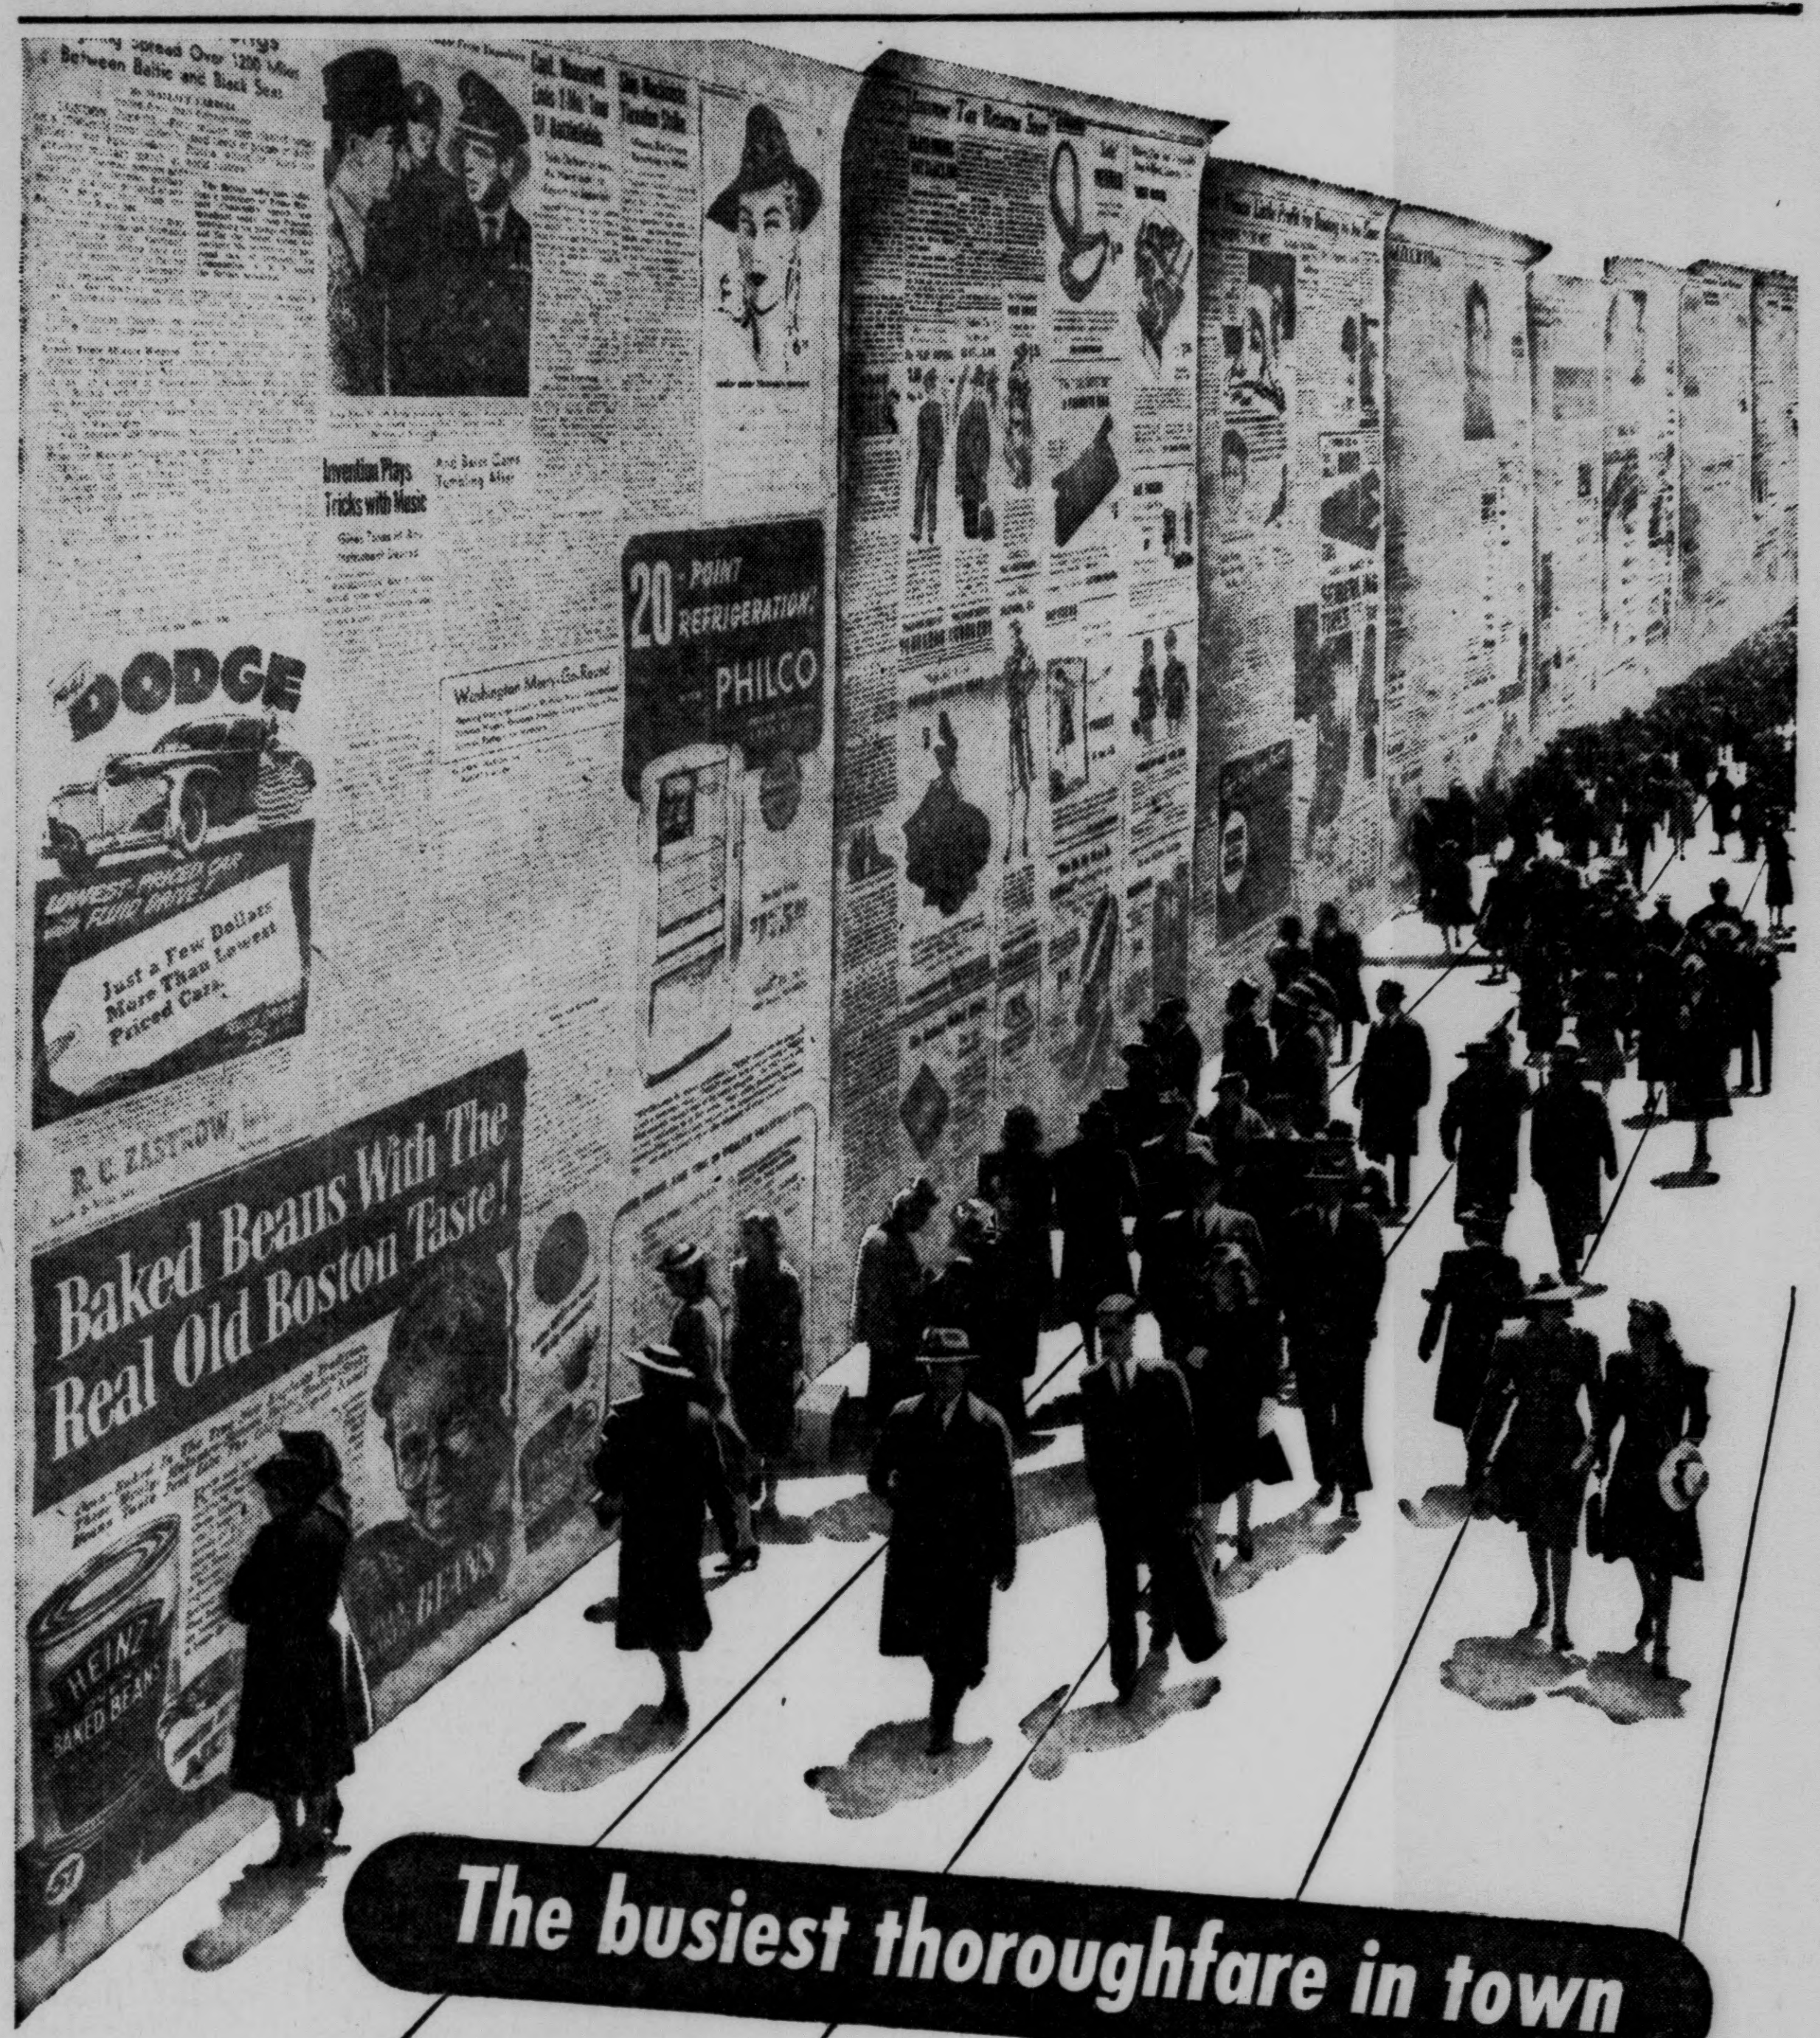

Post office inspectors at Pittsburgh said Eberline admitted stealing various letters from the mails over a period of a year. He was trapped Monday night, inspectors said today when he opened a "test letter." It contained \$3.27.

## Revolver Club Shoots Tonight

The Sportsmen's Revolver club has just completed its outdoor range shooting for the season, and tonight at the Cathedral range at 7:30 o'clock the club will have its first indoors shoot, it was announced today by Secretary Charles Phipps.

The club on Wednesday, Oct. 8, will have its annual election of officers. The outdoor range season came to a close recently with an enjoyable corn and wiener roast.

An effort is being made in China to popularize new seeds and farming methods, according to the Department of Commerce.

The busiest thoroughfare in town

Lined with bright, exciting windows freshly stocked with today's news, the newspaper is the busiest thoroughfare in town... busier today than ever before.

In some windows you find news of the home town, the nation, and the rest of the world. In some you find entertainment, advice, interpretation. In others you find news of the goods and services offered by manufacturers and retailers.

Every day in the week, every week in the year, you and your family travel this busy street, looking for things that interest you... and finding them in both the news and advertising windows.

Practically everybody in every community walks along this thoroughfare of news and advertising

every day... simply because the newspaper is indispensable to everybody everywhere. That's why the 37,000,000 families in the United States and Canada buy, and read, over 43,300,000 newspapers every weekday... over 33,000,000 newspapers every Sunday.

And because everybody is so intensely interested in the contents of the newspaper, it's easy to understand why advertisers, national and local, find newspaper space the most effective medium with which to tell their story and sell their goods.

## Must Maintain Free Press Against All Costs Says President Roosevelt

(International News Service) HARRISBURG, Oct. 1.—A free press "must be maintained against all costs," President Roosevelt warned today on the opening of national newspaper week, Oct. 1 to 8.

In a statement issued here by the national newspaper week committee of newspaper association managers, the President wrote:

"The recurrence of national newspaper week should awaken in the hearts and souls of all Americans a renewed determination to defend and maintain and perpetuate the priceless heritage of a free press."

"The maintenance of an unfettered press, informed by truth and guided by courage and conscience and wholehearted devotion to the public welfare, is a fundamental obligation of patriotism."

"I trust as a result of the forthcoming observance that Americans everywhere will have a renewed sense of the incalculable blessings which a free press confers. It must be maintained against all assaults."

State and business leaders throughout the nation joined with the President in affirming the nation's confidence in the fourth estate.

Gov. Arthur H. James, in a statement issued through William N. Hardy, chairman of the committee in charge of newspaper week, which is sponsored by the managers of 25 newspaper associations, praised the

newspapers of Pennsylvania for their "magnificent leadership."

"I know of no time when America's newspapers have had a greater role to play than at the present time," he stated. "Today's incident may well be tomorrow's catastrophe, and it is the intelligent editing and assembling of these incidents which is the only contact that the public has with tomorrow's destiny."

## AUTO FIRE

B. truck from Central station was called to Water street at 7:15 o'clock Tuesday evening, where the wiring in an auto owned by Kenneth Davis caught fire from a short circuit. No action was required of the firemen and the damage to the car was slight.

## CLUBS WILL HEAR JEWETT

Two New Castle service clubs, the Exchange and the Wolves, will hear Roger Jewett, new executive vice president of the Greater New Castle Association, speak next week. The Exchange group will hear him Monday night, the Wolves Tuesday evening.

## St. Mary's Alumni Meets With League

Bowling League Of Alumni Association Has Election Of Officers At Meeting

Members of the St. Mary's Alumni association held a joint meeting with members of the bowling league Monday evening in St. Mary's hall, with Vice President William Barnes in charge.

Officers for the bowling league were nominated and elected: president, Joe Donegan; vice president, James Rowbottom; secretary, Charles Capitola; treasurer, Ralph Reider. All players in the league are to inquire as to what team they will play.

A Halloween party was discussed, to be held within the near future. The next meeting will be on October 13.

## News Briefs From City Hall

Chief of police W. G. McMullen, Detectives Chief R. A. Criswell and Cruiser Operator U. G. Harper, today were kept busy compiling an account of arrests made and of fines levied at headquarters during the month of September.

Local police today were requested by Farrell authorities to make a search for James Mallia, age 19, of Farrell, missing from his home. He wore a black jacket, blue corduroy pants and a white jersey sweater when he left.

Harold Wood, sidewalk inspector of the city, today reported no more applications for sidewalks to be laid this year are desired. The squad has plenty of work to last until cold weather arrives, he stated.

## Hope To Extend Winning Streak

New Castle High Has Won 17 Out Of Last 18 Games Played, One Tie

Sharon "Bear Stories" Appearing, Expect Big Crowd Friday Night

EXCEPT for a tie with Butler, 6-6, last season, the New Castle High football team has won 17 out of the last 18 games played. The last New Castle was Monessen back in the fall end of the 1939 season.

The New Castle boys hope to extend this winning streak on Friday night when they battle the Sharon High Tigers. Actually if you count that tie, the locals have won 14 straight without a blemish.

**At Full Strength**

New Castle will put a team on the field Friday night that will be at full strength. No serious injuries have cropped out in the first four games, showing that the boys are in the best possible physical condition, due a great deal to the daily calisthenics that Assistant Coach Bill Klee puts the boys through.

With Masters back out for his guard post, Head Coach Phil Bet denbaugh can again muster the same strength that was shown in the Farrell and Butler games. Masters is fast and rangy and while Ryan did a splendid job while he held the post last week, he is not quite ready yet to fill the job, but he is coming along nicely and is a valuable reserve to have on the bench.

**Sharon "Bear Stories"**

The usual yearly "Bear Stories" are coming out of Sharon through the typewriter of Dick Peebles, the Sharon sport editor, who said in the Tuesday issue the following:

"Injuries continued to plague Sharon High squad as the Tigers opened preparations for their invasion of New Castle Friday night. Center Floyd Shortt suffered a badly strained shoulder against Youngstown East and may not be able to play. Harry Monson failed to report for practice yesterday and according to reports was ill at his home. Al Locnikar still is taking treatments for a charley horse in his leg; and Fullback Mike Bock is a question mark. Mike's dislocated ankle has been slow to respond to treatment, but Coach Dave Stewart said he hopes to be able to use him against the Red Hurricane.

**Expert Big Crowd**

The New Castle High officials are looking for another 9,000 crowd on

Friday night. Sharon will send over 1,000 here for the nocturnal affair. Tickets went on sale this morning at the Sporting Goods store.

The fans are asked not to forget the tax that Uncle Sam insists on starting Friday night. It's only a few cents more than the usual price, but it is for a good cause.

## Washington Will Play Sharpsville

North Hillers Card Mercer County Foes For Game Here Thursday

George Washington Junior High will trade opponents this coming Thursday with the Ben Franklin High "Patriots", by meeting the Sharpsville Junior High team at the Washington High field, while Franklin plays Campbell at Taggart Stadium.

Last Thursday the Franklin team walloped Sharpsville at the Mercer county town, and Wash High trimmed Campbell at the Ohio city. A comparison of the two teams can be made after tomorrow's battles.

**Watch "Mid" Knight**

Coach Art Alexander has a whiz of a backfield man in this boy Albert "Mid" Knight, the colored speedster who scored two touchdowns to beat Campbell racing 90 and 70 yards for the winning markers. He is developing into one of the greatest stars ever to come out of the North Hill school.

Young Billy Andrews and Hennie Clark the two Wash High backfield men injured in the Campbell game have recovered and will be valuable men in the Sharpsville battle, as will Bob Doyle who handles the quarterbacking job.

**FINALLY MATURES**

INDIANAPOLIS—After spending 16 seasons in the minor leagues, Ray Starr has finally climbed into the major leagues. After posting an exceedingly impressive record for Indianapolis, Starr hurled for the Cincinnati Reds, during the fall end of the season just closed.

**PING PONG POPULAR**

Ping pong, a comparatively young game, is gaining in popularity, especially throughout the collegiate world. The game is now an intramural sport in 242 colleges.

## It's Pitt's Biggest Home Opener

PITTSBURGH, Sept. 30.—Pitt's Panthers, the team about whose 1941 record no one (including the coaching staff) will make any predictions, gets the hardest home opening day assignment ever given any Pitt football team.

Purdue's Boilemakers, big, experienced—there are 23 lettermen on the traveling squad—fast, and ambitious, after a series of heart-breaking losses last fall, open the season in the Pitt stadium this Saturday, and they will be tough.

Paced by the great Jack Petty, one of the Big Ten's best all-around backs, and by Johnny Galvia, triple threat half, the Purdue's will be out to ruin the Pitt opener. In the West they are awarded the title of the fastest team in the section without a dissenting vote.

Pitt is an unknown but in 1941 will be a pretty hard-hitting, hard-running unknown. There are good backs, and sophomores are making senior linemen pick up the pace. Stan Cervell at left end and Ralph Fife at right guard look like the only regulars returning from 1940. A new backfield appears to have everything necessary, power, speed, good blocking, adequate punting and passing. Sparking this outfit will be Jackie Stetler, junior left half.

## HERE AND THERE IN SPORTS LAND

**Slaughter of bucks and does in 1940** was so large few are to be seen in certain sections of the deer country, according to Dick Roberts, this city, who has returned from a several hundred mile jaunt around the big woods. He asserted that where formerly he could locate 100 deer he could not see one during his trip. He journeyed through Emporium, Rich Valley, Hunts Run, Bailey's Run and in the vicinity of the east branch of the First Fork near Wharton. Natives informed Dick, he reported, that last year's slaughter is the cause and he forecasts a slim season for deer hunters who venture into the deer country this year.

We have had experience as a third man in the ring although not in fights of such prominence as that in New York or Cleveland. However, we have cut short fights and been greeted with a barrage of booing. Fans should remember that a referee is the one upon whom life or death rests. For instance, we arbitrated in an Ohio university one night. The boxers were members of different fraternities. Rivalry was white heat. Suddenly the boxer who was away out front was struck on the head which struck an unwrapped post (the ring having been an improvised affair). The double-blow knocked the fighter out.

on his feet. The fans did not realize this. We counted him out and a moment later was razed. The university coach was well pleased because the fight was stopped. On another occasion, in the old armory here, one of the participants was knocked out, and laid unconscious upon the ropes. That fight was stopped. Some fans believed the victim had to be upon the floor before being counted out, which is a wrong impression. A referee has a right to act whenever, in his judgment, a participant is helpless and unable to defend himself. One of the reasons why some fighters become slap-happy is because referees pay too much attention to the crowd and not sufficient to the participants.

From a cotton picker in the fields of Alabama to King of the Punch world is a long way and the boy who journeyed the distance has earned more than \$2,000,000 since his advent into pugilism, thus Joe Louis deserves credit for patience, perseverance, ability and gentlemanly tactics. He does not intend to retire, his managers stated following his victory over Lou Nova.

**Full of confidence** because of a well-merited 13-6 victory over the Corpus Christi eleven, the Barney Athletic club, eleven champion of the Oklahoma district in Pittsburgh, invades the Beaver Falls high school field tonight for a clash with the Valley Giants. The kickoff is timed for 8 o'clock.

Some fans are inquiring why Referee Arthur Donovan stopped the Lou Nova vs Joe Louis fight with the sixth round ended, excepting for one second. According to what the writer read, the referee noted Nova's condition, looked toward the New York Boxing commission phy-

sician and getting the "nod" acted. The bell sounded. Years ago the same query was asked when Referee George Blake in Cleveland stopped the Max Schmeling vs Willie Stribling fight with only 19 seconds un-til the fight would have ended and saved Willie. Blake believed another punch might seriously injure Stribling.

## Louis-Nova Fight Take In \$583,821

Louis' Share \$193,274; Yogi Nova Comes In For \$71,765 Cut

NEW YORK, Oct. 1.—Monday night's Joe Louis-Lou Nova fight was staged before \$583,821 worth of customers, Promoter Mike Jacobs announced today.

Official figures follow: Gross receipts, \$583,821; federal tax, \$55,457; state tax, \$29,312; net receipts, \$499,052; Louis' share (40 per cent), \$199,621; Nova's share (15 per cent), \$74,858. Paid attendance was 56,549.

Nova, who was kayoed in the sixth, came in for a nice piece of change.

P. S. Nova would like to meet Louis again. With that kind of money around, do you blame him?

**STILL A SORE ARM.**

When an overhand pitcher irritates his "supraspinatus tendon," he has a sore arm, according to Dr. George Bennett, of John Hopkins, who has treated many minor league twirlers.

## SPORTS WORLD RAMBLINGS

Wednesday "p. m." sports rambles:

Only three baseball devotees, one a newsboy, picked the 1941 major league pennants when this courier interviewed a host of local fans back in April. Dr. Glynn Thomas, who was the man over the ball for New Castle high not too many grid seasons ago, Attorney Walt Kleier and "Bill" Bigley, the newsie, selected the Dodgers and Yankees.

Al Piccuta is the dead-eye-dick of John Carroll's football squad. The seventh warner, among the high honor students on the roster, played a prominent role in the Streaks' 27-0 annihilation of London, Ontario, last week-end. The ex-New Castle high gridster rattled Carroll's signal like a past master in addition to booting three consecutive points after touchdown for a 1,000 average for the day.

Alex Dutkin, a flash on the basketball court or along the fairways, is angling for one of Slippery Rock's varsity grid berths this fall.

William "Bill" Chip started at quarterback for Navy and guided the Middles flawlessly last Saturday.

Norman and Howard Currie, ex-Shenango Township star athletes, both saw action for Geneva in last Saturday's tiff with West Virginia Wesleyan.

Bob Glass, who spent most of the

evening on the sod when New Castle high whipped Massillon high back in 1937, is one of Tulane's biggest guns this season. The ex-Massillon flash kicks, passes and runs for the Greenies.

Dartmouth's 1941 team has been tabbed as one of the fastest and most aggressive elevens to ever flaunt the Indians' colors. "Tuss" McLaughry, the ex-Westminster star, is guiding Dartmouth's football destinies.

Marquette's biggest drawback this season will be lack of reserves.

Southern Methodist, Fordham's opponent Saturday, has a veteran outfit, the same club that finished in a deadlock for the Southwest Conference bauble.

Darold Jenkins, Missouri's crack center, may be out all season due to a leg ailment.

We get it hot off the campus of Cornell University that the Ithacans won't be half bad this season.

Southern California barely made it Saturday, tripping Oregon State 13-7 in the final 17 seconds.

## Louis And Conn Bout Mentioned

Would Put Billy Conn In With Louis Next May Or June, Is Indicated

(International News Service)

NEW YORK, Oct. 1.—If present negotiations with Promoter Mike Jacobs materialize, Billy Conn, heavyweight contender, and Lou Nova, who was belted out in the sixth round of his scheduled 15-rounder with Champion Joe Louis last Monday, will meet in Madison Square Garden in January, it was indicated today. Jacobs conferred with the managers of both fighters yesterday.

**Louis Agrees**

New York, Oct. 1.—Heavyweight Champion Joe Louis, who is scheduled to be inducted into the army within a few weeks, today expressed the hope that he will match wits with Billy Conn next June.

The Brown Bomber declared: "If they sign me up to fight Billy Conn in June I'm all for it, but I'll want a warm-up fight in between somewhere. No. I don't care who it's with. Abe Simon's the toughest I fought. Yeah, tougher than Nova or Conn, but you gotta use ranking and ratings and records to say who's top challenger."

Promoter Mike Jacobs, who took in a gross gate of \$583,821 at Monday night's fight between Louis and Lou Nova, said the schedule of future fights for the champion was dependent on the action of Joe's draft board in Chicago.

## Dodgers-Yanks Commence Series

Yankee Stadium Scene Of First Game Of 1941 Classic Today

Yanks Favored To Win Series, Expect Great Pitching

By JACK MAHON

(International News Service Sports Writer)

NEW YORK, Oct. 1.—Across their famed Gowanus canal, backed by the pleas and the prayers and most of the rent money of some two million fans, came the paupers of professional baseball—the beloved bums of Brooklyn, to meet the royal purple Yankees in the opening game of the 38th annual world series at the Yankee Stadium here this afternoon. Despite the gallant finish, which saw the bums survive an all-season death struggle to win their first National League flag in 21 years, hard-hearted bookmakers have installed the royals 11-5 favorites to win the series and 13-10 choices to take the first game—no matter who pitches for the Bums.

Manager Joe McCarthy of the Yankees, seeking his fifth world's championship in six years, has announced big Red Ruffing will be on the hill when the New Yorkers take the field at 1:30 p. m. (E. S. T.) before an expected crowd of 80,000 fans. But Manager Leo, the Lip, Durocher, of the Dodgers, insists he will not name his starting hurler until game time.

**Hurlers Are Ready**

Whit Wyatt, Curt Davis and Fred Fitzsimmons, in that order, were

very good source a few days ago, and if any change is made we suspect it will be in favor of Davis, with Wyatt working the second contest.

The Lip would give no reason for his secrecy and did not show up at the stadium yesterday as both the Yankees and Dodgers went through their final batting and pitching drills. One theory, which has gained considerable support around the wise-guy sector of the village in the past 48 hours was that Leo had decided to open with his fast-ball specialist, Kirby Higbe.

Higbe, hard-throwing righthander, who led the Bums' pitching staff with 22 wins and nine defeats, would relish the starting job and has secretly nursed the ambition he would be given the call. The theory is that Durocher might have decided on Higbe but did not wish to make the high-strung guy nervous by letting the fine out of the bullpen 24 hours in advance.

The weatherman has promised occasional rains and cloudy weather for the first battle in this scheduled seven-day warfare which will have the entire nation sitting on the end of its chairs. And because of his prophecy either Higbe or Davis would seem a good choice. The latter has a sweeping curve and a swell sinker ball, which if right, is expected to cause the Bomber plenty of trouble.

**BAG 30 WINS**

NEW YORK—"Lefty" Gomez and "Red" Ruffing, who were believed to be washed up, contributed 30 victories to the New York Yankees' pennant drive. Gomez notched 15 and 5 while Ruffing strung together a 15-6 mark.

# Local Grid Elevens Drilling Feverishly For Week-End Rivals

Lawrence county's football warriors are drilling feverishly for the five opponents to be encountered this week-end.

Ignoring the fact that their foe has seen its color dipped in defeat three times this season, New Castle high's footballers are training diligently for Friday night's scrap against Sharon at Taggart stadium. The Sharonites, the local crew rightfully presumes, will be at the right pitch by the time the kick-off ceremony gets underway at 8 o'clock.

**Titans Vs. Rockets**

After counting noses, Coach Groves Washburn reports that his Westminster squad came out of the Carnegie Tech clash in good shape. The Titans have forgotten their sparkling triumph over Tech and are aiming for Saturday's game with Slippery Rock's Rockets at Slippery Rock.

Inspired by the win, the Titan piskin chasers will lineup with an added pinch of confidence, an ingredient that never hurts a sports team, provided the amount isn't an overdose. The game looms as one of the toughest on the Titans' card.

**Ellwood At Butler**

One of the 15 teams still in the running for the class AA cham-

pionship. Ellwood City's heady elevens bid for another league triumph Friday night when the Wolverines clash with Butler in the Butler county battleground. The Lawrence countians served notice of its potentialities by pancaking Union Township. Munhall and powerful Rochester. Today, the Wolverines rank among the strongest scholastic units in the WPAL.

Eager for battle after resting last week, Bessemer high is prepared for its battle with Greenville high Friday at Greenville. Coach A. G. Capezuti has switched around his lineup a bit in the hope of molding together the strongest lineup before the start of the county class B race. Greenville looms as one of the toughest elevens in the Mercer county circle.

**Union Faces Grovers**

Union Township, faced with one of those cards that properly belong in the "suicide schedule" division, struts its stuff against smooth-clicking Grove City high Saturday night at Grove City. The Grovers displayed their wares here earlier in the season against New Castle high. The "Canes" had their hands full before garnering a 6-0 nod. A Union victory would make up for the two losses absorbed by the Scotland Laners this season.

## Football Forecast Brings Penalty

**Westminster Sports Editor Comes To Grief For His Game Forecast**

(Special To The News)

NEW WILMINGTON, Oct. 1.—There's one sports editor in this part of the world who won't ever in his life "go out on a limb" again and make predictions about football.

Dave McHenry, Ben Avon junior at Westminster college, and sports editor of The Herald, 58-year old college newspaper, offered to let any and everyone kick him in the seat of the pants if Westminster defeated Carnegie Tech's football team.

The Titans defeated the Tech Skibos, however, by a 19-13 score; and the Westminster elders didn't forget the kicks in the seat of the pants, except that they decided paddling would be better.

For two days McHenry stayed away from the college eat-shops and always got to class late, but finally he was waylaid by a dozen football varsity lettermen, among them "Dashing" Dick Newton, Westminster halfback, whose runs for 86 yards and 29 yards for touchdowns won the game for the Titans.

Today McHenry is a sadder and a wiser man. He sits down with something of a wince. His only comment is: "No more football predictions."

## Bleacher Fans To Find New Set Up

**Bleacher Seats Will All Be Sold At Cunningham Avenue Gate Friday**

Robert Mills, ticket manager at New Castle senior high, announced today that starting Friday night at the Sharon game that all bleacher seats will be on sale at the Cunningham avenue gate instead of the gate on DuShane street as has been the custom.

Starting Friday also all complimentary tickets will use rate No. 3 where the bleacher fans entered originally. All complimentary tickets are taxable now under the new federal revenue act. There will be a five-cent tax on the 50-cent complimentary and eight cents on the 75-cent complimentary tickets.

## Franklin Eleven Called "Patriots"

**East Side School Will Come Out With Red, White And Blue Uniforms**

When the Ben Franklin High football team takes the field at Taggart stadium on Thursday afternoon against the Campbell junior high team, the fans will be greeted by a riot of color—red, white and blue—and the team has been dubbed the "Patriots". The kickoff is slated for 3:30 o'clock.

Heach Coach Austin Cownehead has secured the red silk pants that the high school boys formerly wore, the team has blue jerseys and the helmets have all been pointed white. With an impressive win over Sharpville already in the bag, the East Siders are going to try hard to grab a victory over Campbell tomorrow afternoon. The entire squad is in fine physical shape.

## New Castle, Ellwood In 'AA' Flag Chase

**Shenango Township And Union Township In Running For Class B Toga**

Two of the 15 scholastic elevens still in the scramble for the class AA WPAL championship park their shoes in Lawrence county, the latest released by loop moguls disclosed.

New Castle, with league wins over Butler and Beaver Falls, and Ellwood City, which last week knocked off one of the pre-season favorites, Rochester, are the two local clubs seated inside the charmed circle.

In the class B division, Shenango Township, conqueror of Evans City and Zellenople, and Union Township, which has yet to encounter a class B league rival, grace the list housing the teams still in the running for the urn.

The two lists follow:

Class AA — Aliquippa, Altoona, Connellsville, Ellwood City, Greensburg, Homestead, Johnstown, Latrobe, Monessen, Mt. Lebanon, New Castle, New Kensington, Turtle Creek, Uniontown and Walkersburg.

Class B—Avalon, Avela, Avonmore, Belle Vernon, Bell Township, East Deer, Bridgeville, East Pike, East Pittsburgh, Hickory, Leesdale, Millvale, Moon, Neville, Penn Township, Sewickley, Shenango, Trafford and Union Township.

## Pirates Give Shultz Away

(International News Service)

PITTSBURGH, Oct. 1.—Catcher Joe Schultz, for the past two seasons optioned to the Portland, Ore. club, officially dropped from the rank of the Pittsburgh Pirates today with his outright release to Memphis of the Southern Association.

Pirate President William E. Benswanger announced from New York that the Schultz release complete: the deal whereby the Pirates last August obtained Catcher Vince Smith for a sum of money and a player "later to be determined." Schultz was chosen.

## Survey Shows Need Of Vocational School

**Results Of Questionnaires Sent Pupils And Employers Are Published By School**

ELLWOOD CITY, Oct. 1.—Results of a survey to determine the need of a vocational education school in Ellwood City have been published in book form through the office of the superintendent, J. Ellis Bell, by the Department of Guidance of the school district.

Compilation of the questionnaires revealed that both the students and employers favor the establishment of a vocational school in Ellwood.

Sometime ago, the Board of Education took an option on the structure began several years ago by the Bell Memorial Presbyterian church. It was then agreed to conduct a survey to determine whether or not the building of such a school was necessary.

The survey booklet will be reviewed at length at the next board meeting on Thursday, October 9, by Superintendent Bell.

The survey was conducted by Arthur D. Webster, guidance counselor, prior to his going to Philadelphia, where he secured similar employment.

Some 2500 persons were included in the scope of the survey and were pupils whose education terminated between January 1934 and May 1940. For purposes of this survey employers were divided into two groups: first, the large manufacturing plants which were contacted by a personal interview with some responsible official; and second, the smaller employers, mostly merchants, were contacted by questionnaires.

Aims and purposes of this survey were:

First, to determine as nearly as possible the extent to which our graduates are entering the types of employment for which they are prepared.

Second, to obtain an estimate from the graduates and withdrawals of the training which they received in high school and their suggestions for its improvement.

Third, to determine the need, if any, for vocational shop work in Ellwood City schools as determined by the employment opportunities in this city.

Fourth, to obtain from employers an estimate of the values which might be derived from the establishment of a vocational school in Ellwood City. This was considered from the standpoint of meeting their particular employment needs and those of Ellwood City employers generally.

Fifth, to find out from the withdrawals their reasons for having left school before graduation with a possible view toward treating this problem at its source.

Results of the survey of pupils and employers, and recommendations made from a study of the survey will be published in successive order.

## Officers Chosen By Little Flower Club

ELLWOOD CITY, Oct. 1.—When members of the Little Flower club of the E. V. M. church met last evening, the following new officers were elected:

President, Miss Rose DeMauro; vice president, Miss Margaret Caruso; secretary, Miss Helen Gottuso; and treasurer, Miss Anne Barberio. Miss Sylvia Gambino was welcomed as a new member.

Arrangements were made for the celebration of St. Theresa Feast Day on Sunday, October 5. The group will attend the 8 o'clock mass in a group. In the evening, a tureen dinner will be held at the church in charge of Miss Mildred Meltz, Miss Elodia Barberio and Miss Margaret Bianco.

A committee to have charge of the monthly publication was named and included: Tina De Mauro, Viola DiFilippi, Rose Iurella and Nancy Venez.

Fr. Galliano talked briefly emphasizing the fact that October has been dedicated to the Holy Rosary with special prayers for world peace. Tuesday, October 14, is the date of the next meeting.

## BOWLING TIME CHANGED

## Kiwanians Hear Convention Report

**Tom Ben, Percy Lutton, Boyd Barrett Tell About State Session In Pittsburgh**

ELLWOOD CITY, Oct. 1.—Exceptionally interesting reports of the state Kiwanis convention held last week in Pittsburgh were given by the delegates at last night's weekly dinner meeting of the local unit at the Trinity Lutheran church.

Thomas Ben told of the underprivileged children's work conference while the emphasis being placed on shaping lives and not bodies; Percy R. Lutton outlined the attendance and financial conference; and Boyd Barrett discussed the Religious Observance program.

With the spiritual end lagging today in most organizations, the Kiwanis clubs were urged to support the church. Mr. Barrett also told of the main convention address by W. Walter Head, president of the Boy Scouts of America. It was the largest attended conference in the state's history and honored the international president, Charles Donley, of Pittsburgh.

Rev. F. H. Daubenspeck, religious observance chairman, asked each member to attend church on Sunday as part of the World-Wide Communion observance, and announced plans for the club to attend services in a body on Sunday, October 12, at the Immanuel Reformed church. Kiwanian, Rev. H. P. Loch, will bring the message.

Attendance reports were given with the average attendance being listed at 82 per cent and the total membership stands at 42. Honoring the retiring lieutenant governor, Ray Dineen, the club will strive for a perfect attendance in October.

Earl James will be in charge of next week's meeting when the Kiwanis scout troop renewal charter will be presented by H. M. Brailey. There will be an initiation of new members and a nomination of officers. The program will feature a talk on fire prevention week.

## Tickets Received For Butler Game

ELLWOOD CITY, Oct. 1.—Only 500 general admission tickets have been received here for the Ellwood-Butler game Friday night at Butler. One hundred reserved seats tickets were sent and have already been sold. One thousand student tickets are available at the local high school and business manager, George Herold, announces, that no student tickets will be sold at the gate.

The general admission tickets may be secured at Young's Drug store.

Mr. Harold announced that there will be no increase in price for the Ellwood home games with the new federal tax to be absorbed by the school district.

On Friday afternoon, the Ellwood Junior high team will entertain the Butler Juniors at Lincoln field with the game beginning at 3:45 p. m.

## LITTLE BRIDGE CLUB AT LIEBENDORFER'S

ELLWOOD CITY, Oct. 1.—Little Bridge club members were graciously entertained last evening at the home of Mrs. Judd Liebendorfer, of Glen avenue.

After several hours of play, the pretty awards were claimed by Mrs. Liebendorfer and Mrs. Berlin Smith. Mrs. Clytus Steinberger aided in serving a refreshing lunch.

Suffering from a bad case of "Dodgermania," Eddie Bettan is pictured as he was ejected from the diamond after grabbing a bat and taking his stance at home plate as the Flatbush heroes went up for the last time against the Philadelphia Phillies in the final game of the season at Brooklyn. The pennant winners managed to win without his aid, 5-1. (Central Press)

## Three Injured In Auto Collision

ELLWOOD CITY, Oct. 1.—Eugene and David Campbell of Koppel and Clyde Hoffman, Route 2, are confined to the local hospital as the result of an automobile collision which occurred late Tuesday morning on the Park Gate-Belton road.

Eugene Campbell is only slightly injured; his four-year-old brother, David, suffered various lacerations and a fractured jaw, and Hoffman sustained lacerations of the left arm.

The Campbell car was coming in the direction of Ellwood and the Hoffman car was going toward Belton. The cars are said to have collided head-on at the curve on the Park Gate road, where the new Belton road begins. The cars were badly wrecked.

## Tally Ho Club At Thomas Home

ELLWOOD CITY, Oct. 1.—Miss Phyllis Thomas agreeably entertained members of the Tally Ho club at her home on Glen avenue last evening, with Mrs. Don Bosley and Mrs. Thomas Barnes being special guests.

Bridge was enjoyed for several hours with the first place awards going to Mrs. Jesse Morrison and Mrs. Dean Turner. After cards, the hostess was aided by her mother, Mrs. A. F. Thomas, in serving a tempting lunch amidst attractive fall flowers.

## MRS. J. J. DUNN WELCOMES CLUB

ELLWOOD CITY, Oct. 1.—Fortnight club members were welcomed at the home of Mrs. J. J. Dunn, Fountain avenue, last evening.

Mrs. Myron Gelbach of Youngstown, a former member, won the high score award. Mrs. Harry Harris aided the hostess in serving an appetizing lunch.

Members were invited to meet again on Tuesday, Oct. 14, at the Henry home in Fourth street.

## Would Join Air Guard

Mrs. Nancy Holtz of Washington, D. C., is visiting with relatives in this city. At present, she is the house guest of her brother, Lewis Young and family of Woodlawn avenue.

## Methodist Class Elects Officers

**Members Of Isabel Thoburn Group Entertained By Mrs. Percy Lytle**

ELLWOOD CITY, Oct. 1.—A pleasant meeting of the Isabel Thoburn class of the First Methodist church took place last evening at the home of Mrs. Percy Lytle, Spring avenue, with 16 members and one guest, Mrs. T. H. Carson, in attendance.

After the devotional period, officers for the new year were chosen as follows: President, Mrs. Percy Lytle; vice president, Mrs. Clyde Hill; secretary, Mrs. Henry Fox; treasurer, Mrs. R. A. Suedden; flower secretary, Mrs. Margaret Buquo; teacher, Mrs. Minnie Reynolds; and assistant teacher, Mrs. John Hummel.

Guessing games and contests provided amusing diversion with the attractive prizes going to Mrs. T. H. Carson and Mrs. Meehan. The hostess was aided by her daughter, Miss Janet Lytle, in serving dainty refreshments.

Another meeting will be held on Tuesday, October 28, at the home of Mrs. Thomas Douds, Pittsburgh Circle, with Mrs. Hill as associate hostess.

Nine caskets, surrounded by relatives and friends, make up this funeral cortege in Mexico City, as last rites are held for the nine laborers killed when federal troops fired on 2,000 munitions workers riotously demonstrating before the presidential palace of Manuel Avila Camacho, demanding that President Avila Camacho solve their grievances. The shootings aroused the labor movement throughout Mexico.

## DODGERTOWN GIVES "BUMS" VICTORY CELEBRATION

Like the transatlantic flyers of a decade ago, President Larry MacPhail, left, and Manager Lee Durocher of the Brooklyn Dodgers perch on the back of an open automobile to ride in triumph through mobs of rabid Dodger fans in a huge parade celebrating the victory of the "Bums" in the National league pennant race. Hundreds of thousands of Flatbushers turned out to cheer their favorites into the world series against the New York Yankees.
